GOVERNOR IN BUDGET ASKS THIS AMOUNT

Three Projects Are Provided For In Plans Sent To Legislature Today

PROGRAM OUTLINED

Budget Calls For Expenditure of \$39,000,000 Throughout California

PROVISIONS for the expenditure of \$627,000 for reconstruction work on state highways within the confines of Orange county are embodied in the budget of Gov. James Rolph which was submitted to the state legislature today.

Plans call for the following work:

Grading and paving 4.7 miles from Fullerton to the Los Angeles county line, \$164,500.

Grading and paving 5.1 miles from Santa Ana to the San Diego county line, \$382,500.

Widening of the Santa Ana river bridge, \$98,000.

Approximately \$39,000,000 will be spent throughout the state under the Rolph budget. Of the total amount Northern California will receive \$21,146,000 and Southern California will receive \$17,854,000.

Details of some of the major projects for the primary system of Southern California follow:

Los Angeles county: Grading and paving 7.4 miles Los Flores canyon to Santa Monica, \$610,200; paving 3.2 miles Topogano to Las Flores canyon, \$50,000.

Los Angeles Ventura counties: Shore protection 17.2 miles from Santa Monica to Point Mugu, \$240,000.

Plan New Bridge

Ventura county: Bridge Santa Clara river, \$410,000.

San Diego county: Paving 8.3 miles from La Posta to Tecate Divide, \$332,000.

San Bernardino county: Grading and oil surfacing 12 miles De Vore to Alray, \$400,000; grade separation Alray crossing Santa Fe \$30,000; grade separation at Fish crossing Santa Fe, \$20,000; grading and oil surfacing 28 miles near Baker, easterly, \$475,000.

Riverside county: Grading and oil surfacing Mecca-Blythe road portions, \$306,000.

Imperial county: Grading and paving 9 miles from San Hills to five miles west of Yuma, \$441,000.

Mono county: Grading and oil surfacing 7.3 miles from Teahorn to McGee Creek, \$242,600; grading and oil surfacing 5.5 miles Convict Creek to Casa Diablo Hot Springs, \$120,450; grading and oil surfacing 8.3 miles from Casa Diablo Hot Springs to Dead Man Creek, \$234,950; bridge over Walker river, \$15,000.

Other Projects

Details of major projects outlined in the budget for the second year.

PRICES REDUCED

AKRON, O., Jan. 12.—(UP)—Reduction of the prices to the lowest levels in history of the industry was announced today by manufacturers. The reductions ranged from 6-12 to 11 per cent on first class merchandise and 7-12 to 12 per cent on second grade goods.

COURSE RECORD IS BROKEN IN GOLF TOURNEY

Jack Rimmer of Canada Is Placed in Running By Remarkable Score

BULLETIN

WILSHIRE COUNTRY CLUB, LOS ANGELES, Jan. 12.—(UP)—Leo Diegel, Agua Caliente professional, forged into the lead at the end of 54 holes in the sixth annual \$10,000 Los Angeles open golf tournament today with a total of 212 strokes.

WILSHIRE COUNTRY CLUB, LOS ANGELES, Calif., Jan. 12.—(UP)—All records for the Los Angeles open were smashed today when Jack Rimmer, Jasper Park, Canada, professional, shot a miraculous 31 on the par 36 second nine to pull up among the leaders as the sixth annual tournament started into its final 36 holes.

Back in a tie for 28th place, ten strokes behind the two leaders—Eddie Loos and Al Espinosa of Chicago—at the finish of the first 36 holes yesterday, Rimmer burned up the course with three birdies and an eagle over the second nine for a 45 hole total of 189.

Rimmer's sensational card, as compared with par, follows:

Par—344 354 544—36

Out—343 344 334—31

Half the field of 54 played the first nine, and the rest the second nine this morning. The final 18 holes was scheduled for the afternoon.

Rimmer's score is one of the lowest ever registered in a major golf championship. Rimmer started out on the first nine of the course to complete his third 18 hole journey with a chance to remain in the thick of the fight. A par 34 on this nine would give him a 65, five under par for his third 18 holes, and a definite place among the fore-runners.

As most of the leaders slipped, some of them badly, on their first nine holes this morning, Rimmer's chances seemed brighter than ever.

Eddie Loos took a 38, four over par, for the first nine, and had a 45 hole total of 177, three strokes ahead of Rimmer, who gained seven strokes on the Chicagoan.

Al Espinosa, who was tied with Loos for the lead when the field started play today, each with a 139 for the first 36 holes, registered a 35, one over par, for his first nine holes, making his 45 hole total 174, and giving him the lead among the early finishers at that point. Espinosa was six strokes ahead of Rimmer at the end of 45 holes.

Wifly Cox, Brooklyn, who started the day's play in a tie for fifth place, with Craig Wood, Bloomfield, N. J., took a 39, five over par for the first nine, giving him a 45 hole total of 182.

Tony Manero, Elmford, N. Y., who started out in a tie for seventh place, had a disastrous forty, and saw his score mount to 184 for 45 holes.

Of the leaders, only Leo Diegel and Espinosa were able to hold their own. Continuing his consistent play, Diegel shot a par 34 for his first nine, sending him into a deadlock with Espinosa for the early lead at 45 holes, each with 174 strokes.

High scores for the first nine were turned in by George Von Elm, Los Angeles, 38; Al Watrous, Detroit, 40; Willard Hutchinson, Chicago, 3.

Horton Smith, Craigston, N. Y., and MacDonald Smith, Great Neck, L. I., had 36's for their first nine.

Western States Building and Loan Firm Closes Doors

LOS ANGELES, Jan. 12.—(UP)—The Western States Building and Loan association, with a main office in Los Angeles and a branch in Huntington Park, closed its doors today as a result of the \$5,000,000 wrecking of the Guaranty Building and Loan association by Gilbert H. Bonemeyer.

SENATE

Begins consideration of tariff commission nomination.

HOUSE

Takes up Vostel copy-right bill.

Naval committee resumes hearings on naval building program.

Appropriations committee continues consideration of independent officers appropriations bill.

DISPUTE OVER TARIFF COMMISSION APPOINTEES TO WIDEN BREACH

WASHINGTON, Jan. 12.—(UP)—Another bitter dispute between the White House and senate was in prospect today as the senate began consideration of President Hoover's tariff commission appointments.

Considerable opposition to the recess appointments of Chairman Henry P. Fletcher of Pennsylvania and Edgar B. Brossard, of Utah already has been expressed in some quarters. Despite the press of legislation and the possibility of an extra session, as much as a fortnight may be required to dispose of their nominations and those of the other four commissioners, Alfred P. Dennis, of Maryland, Thomas W. Page of Virginia, John Lee Coulter of North Dakota and Lincoln Dixon of Indiana.

All last week, a Democratic-Republican coalition homed-buried three of Mr. Hoover's power commissioners and, by inference, Mr. Hoover with sharp criticism. By the expedient of a night session, administration leaders were able to interrupt the oratory, but not to prevent an adverse vote against the three commissioners. This week promises a similar experience, except the tariff instead of the power will motivate the discussion.

That the contest over the power commission is the prelude of the 1932 presidential campaign now is generally accepted by political leaders. They point out to the president himself accepted it as such in his message to the senate accusing the coalition majority of attempting to align him on the side of the power, interests. At the same time, Mr. Hoover disclaimed any intention of placing himself in such a category.

Democrats, nevertheless, plan to carry forward the issue as much as possible, foreseeing water power as the paramount issue in 1932 unless prohibition should bob up to displace it. The emphasis would be on power if the majority of the party leaders here had their way.

LOS ANGELES CONCERN LOW BIDDER ON S. A. POST OFFICE

The R. J. Schute company, Los Angeles contractors, today submitted the low bid of \$148,710 to the treasury department in Washington, for the construction of a new federal building at Santa Ana, according to information received by The Register today.

A total of 34 bids were opened in Washington today, according to reports, but no award had been made late this afternoon, although it was believed that the Schute company would be awarded the contract.

Several sub-contractors in Santa Ana had submitted bids for work in connection with the building, to the general contractors and it is probable that local concerns would get part of the work. Contractors who submitted bids were:

Bever Construction company, William Rohrbacher and Adolf G. Schmid. Sub-contractors who made use of the plans on file at the Builders' exchange were: Robertson Electric company and Gilbert Weston Stearns, electrical; George W. Young and R. F. Fippe, plastering; H. O. Ehlen company, heating; Charles F. Carlson, plumbing and heating; Hammond brothers, hardwood flooring; W. F. Sorenson, painting; Foster Sand and Gravel company, sand and gravel; Orange County Tile and Mantel company, tile; Friend-Martin Electric company, fixtures; an Dien - Young company, lights, steel reinforcing; Ionlife and Sorenson, brick; Vette Metal shop, sheet metal; Sams brothers company, Owen Roofing company and Kelly Roofing company, roofing.

BANDIT SHOT AS HE TRIES LONE HOLDUP

Operator of Gas Station In Fullerton Fires Bullet Into Thug

A BANDIT'S ATTACK on a Fullerton service station last night was answered with rifle fire and as a result, Archie Wiley, 24, a Long Beach iron worker, faces trial on a charge of assault with a deadly weapon with intent to commit murder.

The attempted holdup occurred at the Camp Grove service station on North Spadra road in Fullerton. The bandit drove up and asked for seven gallons of gasoline. As Warren Smith, an attendant, started to place the hose in the tank, the driver pulled a revolver and demanded his money.

S. S. Stambaugh, station owner, was standing in a corner of the station. Glancing out and noting the gun in the bandit's hand, he grabbed a rifle and shot at the man.

The bandit ran and Stambaugh fired again. The bandit soon out-distanced Smith and Stambaugh. Police were notified and a short time later they arrested Wiley in the business section.

Wiley had been shot through the neck and thumb. His injuries are not serious and was to be brought to the county jail in Santa Ana this afternoon.

SHAW MAY DECIDE TO VISIT AMERICA

NEW YORK, Jan. 12.—(UP)—George Bernard Shaw, who, despite his numerous writings about America, has never been here, may make his first visit this year, according to Patrick Farrell, director of the Irish theater and leader of the Irish center movement.

Mrs. Dorothea Dunn Byrne, general chairman of the Irish theater tours, has had several conferences with Shaw about the proposed visit, Farrell said, with the suggestion that the noted writer be installed as honorary director of the Irish theater. Shaw has shown considerable interest and has indicated he may accept.

SHULER CASE DUE FOR SUPREME COURT

LOS ANGELES, Jan. 12.—(UP)—R. P. "Bob" Shuler, pastor of the Trinity Methodist church, predicted in an address Sunday that his present license renewal hearing before a federal radio commission examiner eventually will be carried to the United States supreme court.

Shuler declared the case involved the right of free speech and that it would serve as a test.

Little Hope Is Held Out For Safety

Believed Man and Woman to Have Missed Azores In Stormy Weather

HORTA, Azores, Jan. 12.—(UP)—A strong "northeaster" bringing stormy weather and vicious winds, hovered over the Azores today while an apparently hopeless watch was kept for a man and a woman who had challenged the Atlantic on a flight of 2000 miles from Bermuda to the Azores.

Anxiety that had mounted during the hours in which Mrs. Beryl Hart and Lieutenant William S. MacLaren were not heard from in their white seaplane Tradewind, turned to a faint hope that they might have missed their mark, a small group of islands in the ocean, and continued to the safety of the European coast. But no word of their progress reached Paris, their ultimate destination, and ships east of the Azores had not reported sighting their plane.

The Tradewind left Hamilton, Bermuda, at 11:15 a. m. Saturday. The fliers were 24 hours overdue here at 7 a. m. today. Unless they landed at sea and were picked up by a ship without radio, it was feared that Mrs. Hart and her copilot might have become victims of the storm that lashed the Azores and sent giant breakers crashing through Horta Bay.

Weather conditions here were distinctly against the fliers from the moment word was received that they had started on their perilous journey. Ugly weather early Saturday developed into a dangerous storm with heavy seas. The outlook was no better on Sunday and a real northeaster continued over the islands today.

Conditions were so bad that Lieutenant MacLaren would have had difficulty in "spotting" the islands even if the Tradewind had carried the fliers this far.

TWO MEN PAROLED BY FOLSOM BOARD

FOLSOM PRISON, Jan. 12.—(UP)—Two immediate paroles were granted, 15 petitions for future date release were denied and 21 applications for parole were postponed, by the state board of prison directors at the monthly session here over the week end.

Kenneth Eorge, Los Angeles convict, sentenced for grand theft, was given an immediate parole and G. Ramirez, serving a term from Tulare county on a liquor charge, was paroled for deportation to Mexico.

Frank Sykes, of San Francisco, new prisoner, was admitted to the board for the first time and participated in dedication of the new administration building.

EVIDENCE HEARD IN DAMAGE CASE

Evidence was being heard today by a jury in the court of Judge G. K. Scovel in the damage action which was brought against Elsie A. Colanichuk by Cecil J. S. Bowling. The plaintiff is seeking judgment of \$10,150 for injuries he received in an automobile accident last October in Fullerton.

Bowling, who is a real estate broker, asserts that he was injured about the back and body, to his damage in the sum of \$10,000, and also asks an additional \$250 for medical attention. He is represented in court by William L. Waters. Attorneys for the defendant are Forgy, Reinhaus and Forgy.

ARRESTED ON NON-SUPPORT

Wanted in Santa Ana on a charge of non-support, Frank Garcia, was arrested in Los Angeles today and is being held for the sheriff's office.

The Garcia case is an aggravated one, according to officers. He has three children without food and clothing at Olive, it was reported. Deputy sheriffs were to return the man to the county jail today.

FIRST WOMAN TO SMOKE IN WHITE HOUSE IS HONORED OVER 10,000 TEA TABLES

WASHINGTON, Jan. 12.—(UP)—This is a day of celebration for the liberated legion of American womanhood; a date that marks the striking off of another shackles; the 21st anniversary of the first time a woman ever smoked publicly in the White House.

Blue cigarette smoke will spiral above 10,000 tea tables this afternoon in honor of that gallant but forgotten lady—Baroness Rosen—who first reached for a cigarette instead of a sweet and whose audacity was rewarded by having President Taft hold the match while she lighted up.

It was on the evening of January 12, 1910, that the ambassador, fired the Russian Baroness Rosen—who first reached for a cigarette instead of a sweet and whose audacity was rewarded by having President Taft hold the match while she lighted up.

history of the White House, I suppose," wrote Major Butt after that momentous affair. "Women were seen smoking in the east room. I hope the press will not hear of it. Baroness Rosen, the wife of the Russian ambassador, started it; but the president, after all, was to blame.

"As I approached him after dinner to tell him that coffee and cigars would be served on the floor above and to suggest his making the move, he asked me to get some cigars and a match. I got them from the band leader, the others having been all taken upstairs, and when I gave them to the president, he handed one to the Baroness, and, lighting a match, applied it to the de-based weed himself. No sooner had she (Baroness Rosen) lighted one, than Baroness Hegelmuller drew out from her pocket a gold case and lighted one herself; and so it started. Nearly every European woman in the room was smoking in five minutes.

Alice Longworth stole into the green room, where she had a few puffs."

AUTO CRASH OCCURS LATE ON SATURDAY

Wealthy Michigan Farmer Dies on Way to Hospital After Collision

CHILDREN ESCAPE

Four Small Kiddies Uninjured When Machines Collide at Crossing

ONE MAN was killed and five other persons were injured in automobile crashes in Orange county over the week end, according to reports filed with authorities.

Francis Hughes, 40, wealthy farmer of Travers, Mich., who has been living in Southern California for the past several weeks, died on his way to a hospital late Saturday afternoon, after the car he was driving had collided with a machine operated by Ned E. Perry, 1237 West Forty-seventh street, Los Angeles, at the intersection of Orange-thorpe and Magnolia avenues.

His wife, riding with him at the time, suffered severe injuries, including a broken ankle, a broken hand and severe cuts and bruises. Four small children in the back seat of the machine were not injured.

In the other car, Perry received severe injuries consisting of several broken and crushed ribs and cuts and bruises and his father, Eli Perry, of the same Los Angeles address, sustained cuts about the head, all of a minor nature.

At the time of the accident, Hughes and his family were traveling west on Orangethorpe road from San Diego where they have resided for the past two weeks. It was reported they were on their way to Beverly Hills to visit friends. The Hughes car overturned in the crash and both machines were badly damaged.

Mrs. Hughes, together with the Perrys, was taken to the Fullerton General hospital. The body of Hughes was removed to the Santa Funeral parlors at Fullerton and Coroner Charles D. Brown has called an inquest for 3 p. m. tomorrow.

Charles Snow, of Tustin, was discharged from the Santa Ana Valley hospital today after being there since Saturday night after the car he was reported to have been driving, crashed into a telephone pole in Santa Ana Saturday night.

(Continued On Page 2)

BOOZE WAREHOUSE GUARDED BY POLICE

CHICAGO, Jan. 12.—(UP)—Walking their posts like sentries at an army camp, a dozen picked policemen today guarded a government warehouse in which was stored \$1,000,000 worth of liquor and records of all prohibition cases on file against members of the Al Capone and "Rothschilds" Moran gangs.

Informed early Sunday that gangsters were planning to loot the building, Chief of Detectives John Norton rounded up 12 of the most expert riflemen on the police force, issued rations and blankets, and without even informing them upon what mission they were being sent, took them to the warehouse. They have been on constant guard duty since.

"If the bandits come, shoot to kill," were the orders Norton issued to the men.

CHESTERTON HITS LUNCHEON GROUPS

NEW YORK, Jan. 12.—(UP)—G. K. Chesterton, noted British author condemns Rotarianism and "get-together" organizations.

"Compliments paid each other by Rotarians are gross, greasy and hypocritical," Chesterton asserted here. "Human dignity has been lowered and friendship debased by such organizations.

"The loud calling of Christian names by luncheon club members and the wearing of little labels saying, 'I'm Tom,' falls below the standard of comradeship conceived by Jefferson and Franklin of old."

Atheists according to Chesterton are just as much as Christians. He said that he was not a member of any organization.

GOVERNOR ROLPH'S BUDGET CALLS FOR EXPENDITURE OF \$265,000,000 IN TWO YEARS

SACRAMENTO, Calif., Jan. 12.—(UP)—Every man, woman and child in California must pay \$43.48 during the next two years for operation of the State government. Governor James Rolph today disclosed this fact to the state legislature when he transmitted to that body his budget for the coming biennium, accompanied by a message explaining proposed expenditures.

A grand total of \$265,345,955.384 will be spent by the state during the next two years, the budget showed.

But this amount represents a definite halt in the increase of cost of government, noted in California during the past 10 years, the governor declared. The new budget will increase expenses by but 3.9 per cent, whereas the last budget showed an increase of 21.1 per cent when it was adopted in 1929.

Even more encouraging was the executive's statement that the per capita cost of government is a decrease of \$1.47 under the old budget.

Highway Expense

Highways are California's greatest expense, the budget showed. The amount for this purpose during the next two years will be \$110,383,010 or 41.8 per cent of the total. Education is second with 32.5 of the budget, or \$88,433,322 devoted to instruction of the state's youth. Expenditures totaling \$68,523,622 for the general activities of the state, known as the "general budget," comprise the remainder, or 25.8 per cent.

A warning that state revenues have fallen off and the legislature must hold down appropriations to a minimum, was sounded by Governor Rolph. He said all requests for expenditures had been taken care of in the budget and possible financial contingencies were prepared for in that document.

Backing up these statements, the governor declared a difference of \$8,440,081 between revenues and expenses would exist during the next two years, which must be taken from the surplus fund of \$30,165,340.

(Continued On Page 2)

20 MINERS ARE RESCUED FROM TUNNEL SUNDAY

CAMP MITCHELL, Calif., Jan. 12.—(UP)—Tired of playing checkers, Phil Saritz, one of 20 men rescued from Mitchell tunnel early Sunday, begged today to be allowed to return to work.

Saritz, according to 19 other survivors, was the real hero of the tunnel cavern that trapped them for 33 hours, 1600 feet from the shaft which comes to the surface at this little construction camp of the Hetch Hetchy water project.

He carelessly and somewhat gruffly brushed aside the compliments being paid him.

"It's all in the day's work," he tried to make the reporter believe. "There was the time I was trapped for 11 days and 13 nights up at Juneau, Alaska," he continued. That was in 1920. A year later I was caught in a lead mine in Bing-ham Canyon, Utah, and could not get out for five days.

"Maybe those experiences did help us in this predicament, but that shouldn't make me a hero."

Except for the calmness of Saritz in the emergency, other survivors insisted, all of them might well be in the tunnel, their chances of escaping alive growing slimmer.

In the first hour after 30 feet of

W.C.T.U. To Celebrate 18th Amendment Anniversary

STATE OFFICER WILL ADDRESS LOCAL MEETING

Throughout California, W. C. T. U. organizations this week are observing the anniversary of the eighteenth amendment, and Santa Ana W. C. T. U. workers are anticipating their all day meeting as an event of tomorrow.

The session will convene with devotionals at 11 a. m. in charge of Ensign Ruth Edwards. A business hour at 11:30 a. m. will follow, and is to precede the victory luncheon at 12:15 p. m. At this time, Mrs. T. L. Warren of this city, assistant recording secretary of the state, will be the speaker. She recently returned from the national W. C. T. U. convention at Houston, Tex., and is expected to give highlights of the convocation. Mrs. Warren has been identified with the Christian organization for years, and has been recording secretary for Orange county for the past 22 years.

The program for the afternoon will include a summary of the past year's work.

Health Officer Gives Address

Dr. K. H. Sutherland, Orange county health officer, was a speaker at the two day conference of the California Tuberculosis association which closed Saturday night. He spoke on the subject "Importance of Early Diagnosis" and stressed the importance of early diagnosis, both as a means of more effective treatment and prevention of the spread of the disease. He also pointed out the importance of impressing the public with the value of annual routine physical examinations as a means of discovering the disease in its early stages.

Communists sold out England 7,000,000 lost working weeks last year.

Sore Throat?

Don't neglect a sore throat! It is uncomfortable at best, and can easily lead to something worse. Make a gargle of Bayer Aspirin. It will ease all soreness, and reduce the infection. But get the genuine Bayer physicians endorse; look for the Bayer cross stamped on every tablet, thus:

Regain Health NOW

TEMPERANCE LEADERS

The women pictured below will play important parts in the meeting tomorrow of Santa Ana W. C. T. U. workers, who will gather at the First Presbyterian church to celebrate the anniversary of the eighteenth amendment. In the top row at the left is Mrs. Laura A. McClurkin, state vice-president of the W. C. T. U., who will give the main address tomorrow. She gave an address on "Righteousness" at the recent state convention of the W. C. T. U. here. At the top right is shown Mrs. Amy B. Evans, who will be toastmistress and leader of the victory banquet at 12:15 p. m. She is serving her fourth term as president of the local union, which has more than doubled its membership during her leadership. In the lower row at the left is Mrs. L. Warren, for the past 22 years recording secretary of the Orange county W. C. T. U. She will speak at the victory banquet. She has served the Southern California association as secretary for 10 years. At the right is Ensign Ruth Edwards, of the Salvation Army, who will lead devotionals. She has assisted the W. C. T. U. since her arrival here last fall from Seattle, Wash. With her husband she aided the dry campaign in Canada and Alaska.

Photo of Mrs. Warren by Rundell.

GOVERNOR ROLPH ASKS THIS AMOUNT

(Continued From Page 1)

ondary highway system of Southern California follow:

San Luis Obispo county: Grading and oil surfacing 3.5 miles from Cambria to San Simeon, \$210,000; bridges over San Simeon, Pico, Little Pico, and unnamed creeks, \$50,000.

Los Angeles county: Grading from La Canada to Mt. Wilson portions \$350,000; grading and paving Pomona to Los Angeles portions \$540,000.

San Bernardino county: Grading and oil surfacing from near Camp Waterman to end of county pavement 5 miles \$550,000.

Details of major projects outlined in the budget for reconstruction of highways in Southern California.

Santa Barbara county: Grading and paving 3.5 miles Wignmore to Los Alamos, \$150,000; bridge repairs Santa Ynez river bridge at Buelton, \$18,000.

Kern county: Grading and oil surfacing 2.5 miles Bakersfield to Grapevine \$350,000; grading and paving 2.5 miles Union avenue to Beardsley canal, \$250,000.

Tulare county: Grading and paving 11.5 miles from Goshen to Kingsburg, \$475,000; bridges over Crows Creek and canal \$80,000; grading and paving Goshen to Plaza garage and Plaza garage westerly 5.5 miles, \$275,000; grading and oil surfacing 3.5 miles west of Plaza garage to county line, \$12,000.

Los Angeles county: Grading 5.5 miles Canton Creek to Piru Creek, \$500,000; grading and bridges 5.5 miles from Piru Creek to Liebre-Los Angeles divide, \$1,000,000.

UTILIZE BARN IN PREPARING LOCAL COMEDY

Two different barns have come into general use in current activities of Santa Ana Community Players, for the popular clubhouse of the association, always given its title as "The Barn," has been the scene of the nightly rehearsals of the cast of "What Every Woman Knows," second in the season's list of plays, while the McDougal barn at Seventeenth and Santiago streets, has been leased by the scenery committee of the association.

"What Every Woman Knows" will have its Santa Ana premiere on Thursday night of this week, when Harriet Owens Enderle, director, will present an excellent cast in the famous Barrie comedy drama, at the Ebell auditorium, with the remaining performances to follow on Friday and Saturday nights.

In planning scenic effects for the production, the use of the heavy velvet draperies of the Ebell stage, will be continued in much the same manner that yielded such success in "The Steps to Conquer" when presented by a Players group under the direction of Gladys Simpson Shafer. However, a certain amount of scenery will be necessary, and Max Holmes, chairman of the committee, has designed some sets that promise to be highly effective. He and his co-workers are spending practically every evening at the McDougal barn, hammering, sawing and painting busily away on the scenes.

"If it is as cold in their barn as it is in ours, they have my sympathy," today declared Mrs. Enderle, in discussing the work of this committee, and telling of the discomforts endured patiently by the members of her cast in preparation for the approaching production. According to the director, there always are a few "rehearsal fans" present to watch the manner in which the play is taking form, and without exception, they derive much entertainment from the fact that the part of "John Shand," who has never laughed in his life, is being taken by Valmer Clark, one of the liveliest members of the association.

Playing opposite "John Shand," will be Joy Briscoe (Mrs. Charles C. Briscoe) as "Maggie Wylie," while completing the cast will be Frank Lansdown as "Alex Wylie"; J. Parley Smith and Don Smith (not the famous Smith Brothers) as "David Wylie" and "James Wylie"; Miss Doris Robbins as "Comtesse de la Biere"; Miss Dorothy Mayhew as "Lady Sybil Tenterden"; and R. R. Miller as "Charles Venable."

LUCKY LANGUAGE LONDON, Jan. 8.—Robert Last, after being a porter at Charing Cross station for 30 years, learned so many languages that he was invaluable as an interpreter. He was recently called away from his porter's job to give evidence for a Spanish pickpocket. While he was in court the roof of Charing Cross fell in, killing eight persons. Among the dead was the man who had temporarily taken Last's place.

MIDWAY CITY

MIDWAY CITY, Jan. 12.—The card party sponsored by the Midway City Women's club was a success. Eight tables of "500" and bridge were played and refreshments were served by the ways and means committee, composed of Mrs. B. L. Kirkham, Mrs. E. A. Holly and Mrs. Glenn Wells, apple pie and coffee being on the menu.

In bridge the prize winners were Mrs. Hurst, first for women and Mrs. Charles A. Whitist, second; B. L. Kirkham, first for men and Sterling Price, second. For "500," Miss Wilma Price was women's first and Mrs. Sterling Price, second; Mr. Johnson, first for men and John Hunsaworth, second.

Funeral For Dr. W. E. Poole Held Here At 10 A. M.

Funeral services for Dr. W. E. Poole, whose death occurred last Thursday, were conducted today from the Smith and Tutthill chapel. The service was held at 10 a. m. and the body will be cremated.

Dr. Poole, whose residence was 311 West Eighth street, had lived in Santa Ana for the past 15 years. He was a dietitian and had practiced in China for a number of years. The Rev. Perry F. Schrock, pastor of the First Congregational church, was in charge of the funeral service.

20 MINERS ARE RESCUED FROM TUNNEL SUNDAY

(Continued From Page 1)

the tunnel's roof had caved in most of the men showed signs of panic. Sarits, nearing middle-age, tall and heavy and almost bald, took command and quieted them with words of reassurance, telling them "this is nothing compared with what I have come out of."

When the slide started Welby Morgan had grabbed a long iron pipe, four inches in diameter, and run down through the bore to the place he knew the tunnel was weakest. Sarits revealed they had been anxious about the tunnel's stretch for 10 or 15 days. Fortunately, the pipe carried by Morgan extended completely through the pile of dirt that trapped the 20 men. Morgan was knocked down twice but escaped and ran 1600 feet to the shaft to call help.

Sarits determined that the four inch pipe could be utilized to shoot message through and convey food. He supervised the cutting of a water pipe and ordered the fresh air be pumped through it from the outside.

When he learned the rescue crews were planning to dig out all the dirt in the tunnel, "That will never do," Sarits shouted to them. "As fast as you dig, more dirt will fall down. Start work on a 'dog tunnel' along the tracks and we'll do the same from this end. Make it just big enough for us to get through on our hands and knees and board it up."

This idea was followed and it saved many hours of work. Twenty-four hours later the "dog tunnel" was ready and Oscar Nelson slipped through into the outside. His body started another slide and the crude supports gave way. At midnight repairs had been made and the other 19 men slid out. Just as the last one came through the small opening closed up again.

Some of the survivors went to town to celebrate, others went to bed. Sarits sat down to play a game of checkers, musing about his only regret of the incident.

"When we came out I saw wives and sweethearts rush up and greet the others," he said. "There was no one to meet me and it made me a little blue."

Sarits played checkers until 8:30 a. m. Sunday. After a few hours of sleep he arose and asked to go down with the 3 p. m. shift. His employers refused, telling him they might let him go back today.

"There's no place in the world I would rather be than underground," he declared. "Up above you either freeze or roast to death."

L. A. PRODUCE

LOS ANGELES, Jan. 12.—(UP)—Bunched vegetables were in heavier supply with slow movement and prices generally steady to weaker. Apples moved fairly well with prices unchanged.

Artichokes were in fair demand. Davenport and San Luis Obispo large sizes were mostly \$1.40 on frost free stock.

Avocados ranged from 12-15c per lb. Few good Kentucky Wooder boxes brought 12-15c.

Bunched greens were weaker with San Luis Obispo and Arroyo Grande offerings bringing 6-10c per lb.

Bunched vegetables were weaker with turnips jobbing at 12-15c per dozen; carrots 12-15c; spinach 12-15c; beans 12-15c. Cabbage was weaker jobbing at 12-15c per crate. Cauliflower jobbing at 12-15c per crate. Celery was weaker.

The lettuce market was weaker with Imperial valley and Arizona local sizes generally jobbing at 1-1 1/2 and 2-3. Dry pack from Imperial valley brought \$1.00-\$1.25 with poorer 12c.

Valencia county peas brought 10-12c on slightly frosted, with few best at 12-15c. Pima peas brought 12-15c on a best quality, with poor at 12-14c.

AUTO CRASH OCCURS LATE ON SATURDAY

(Continued From Page 1)

He suffered cuts and bruises about the head.

Nonie Wilkenson, 17, of Anaheim, suffered injuries to her back, when the car in which she was riding with her brother, Dillard Wilkenson, 15, and other members of the family collided with a machine driven by Sam Giesler of 715 South Ross street on West Seventeenth

street, six miles west of Santa Ana at 10 o'clock last night.

The girl was taken to her home by State Traffic Officer D. D. Adams. No one else was injured.

Mrs. Sylvia Forney of 1105 West Eighth street, riding with her husband, T. D. Forney, was thrown out of the machine to the pavement and injured at Sixth and Baker street, in Santa Ana, when their car was struck by a machine driven by Monte C. Steens of La Habra. Mrs. Forney was taken to a physician's office and then removed to her home.

GREAT INCREASE

WASHINGTON — Passengers traveling in airplanes on United States lines during the first half of 1930 totaled more than the number riding during the whole of 1929, according to the U. S. department of commerce. During the first six months of 1930, 204,387 passengers were carried. During the whole of 1929, only 172,405 were transported.

TO HOLD INQUEST IN GIRL'S DEATH

Inquest into the death of Minnie Okumura, 15-year-old daughter of K. Okumura, Japanese gardener, who was killed on January 8 when the car in which she was riding with her father, was struck by a truck driven by H. H. Slacey, of Redlands, will be held at 11:30 a. m. tomorrow at the Smith and Tutthill funeral parlors.

The father of the girl will be unable to attend the inquest. He is in a Long Beach hospital suffering from head injuries of a serious nature.

In the meantime, the sheriff's office is holding Slacey in jail here for investigation, pending the outcome of the coroner's investigation.

THE GREAT AMERICAN VALUE

At the National Automobile Shows

Chevrolet wins first place for the fourth time

First place at the National Automobile Shows—a position granted on the basis of annual sales volume—is again awarded to Chevrolet.

This is the fourth consecutive time that Chevrolet has achieved this honor. And the reason lies in the exceptional value which Chevrolet cars consistently provide.

This year, in its bigger and better size, Chevrolet is offering an outstanding example of the value which has brought it such repeated success.

In fact, no previous Chevrolet car has ever represented such a high degree of quality and advancement, and sold at such low prices as today's Chevrolet Six.

TUBERCULOSIS GROUP ELECTS SANTA ANA MAN

LOS ANGELES, Jan. 12.—That tuberculosis is still the leading cause of death in California in the age group of 15 to 45 years was the keynote of the official report given by W. F. Higby, executive secretary of the California Tuberculosis Association, in the closing session of the annual conference at the Hotel Biltmore, A. J. Crookshank, of Santa Ana, was elected treasurer of the organization.

The report contained the recommendation for a more intensive health educational campaign, more extensive diagnosis for the early detection of the disease especially among children, and the awakening of the interest of industry in its responsibility in preventive medicine as well as curative.

That 60 percent of adult tuberculosis break-downs are traceable to childhood tuberculosis, was brought out during the discussion of the medical section of the California Tuberculosis Association in conference at the Hotel Biltmore. A brilliant array of medical men discussed papers on tuberculosis control, among them Dr. Chesley Bush, of Livermore, who presided over the medical section. Ernest Wolff, of San Francisco, who

speaks on the merits of tuberculosis in California, and Dr. William Sargent, of Oakland, who discussed the value of the x-ray in the determination of the childhood type of tuberculosis.

"Formerly it was believed that exposure of a child to tuberculosis infection tended to provide later immunity to the disease," stated Dr. Bush. "It has now been definitely shown that children who become infected comprise 60 per cent of the adult tuberculosis cases that fill our sanatoriums.

"The important thing is to find the children who have had the childhood type of tuberculosis that has left calcified areas in the lungs, and place them under careful health supervision so as to build up resistance to the disease." Stress was laid on the accuracy of diagnosis in which the x-ray has proved to be invaluable aid.

The value of the public health nurse in the health education of the patient and his home was brought out in a paper by Miss Alice Bagley, of the Metropolitan Life Insurance company. The place of the social worker in the provision of finances was pointed out by Miss Marguerite Spiers, of Berkeley, and that of the mental hygienist in assisting the rehabilitated tuberculosis patient in taking a happy viewpoint of life was brought out by Miss Mary Eysa, of Pomona college. The place of the industrial hygienist was discussed by Robert Legge, of the University of California at Berkeley.

The conference closed this afternoon with the election of officers. Dr. F. M. Pottenger, of Monrovia, was elected president; Dr. Wm. C. Voorsanger, of San Francisco, first vice president; Dr. W. R. H. Hodgkin, of Berkeley, second vice president; Mrs. Parker Maddux, of San Francisco, third vice president; Dr. R. L. Cunningham, of Los Angeles, fourth vice president; A. J. Crookshank, of Santa Ana, treasurer; Fontaine Johnson, of Sacramento, secretary, and William Ford Higby, executive secretary.

Sutherland Given Sentence Of One To 10 Year Term

Following his conviction by a jury after a trial last week, Elbert Sutherland today was sentenced by Judge H. G. Ames to San Quentin prison for the term prescribed by law for manslaughter. The prison faces a stay of from one to 10 years in the penal institution.

Sutherland was tried on a charge of murder in connection with the shooting of Bert Meeks at the Sutherland home on the night of November 30. The jury brought in a verdict of guilty of manslaughter. The prisoner's attorney, Dave Weetlin, entered an oral notice of appeal from the verdict and judgment and the court set the amount of bail bond, pending the outcome of the appeal, at \$10,000.

GERMAN SKI CHAMP IN AMERICAN DEBUT

CHICAGO, Jan. 12.—(UP)—Ludwig Boeck, German champion, will make his American debut January 13 in the national ski jump championship at Carey Hills, Fox River Grove, Ill. Boeck is regarded as one of the best skiers in Europe.

Other entrants include Casper Olmen, of South Dakota, defending champion; Gutorm Paulsen and Roy Mikkelsen, Norge Ski club, Chicago; and Herald Sorensen and Strand Mikkelsen, Norwegian Ski club, New York.

CHICKEN THIEVES RAID MESA PENS

COSTA MESA, Jan. 12.—Chicken thieves took 24 choice heavy hens, 16 Rhode Island Reds and eight Buff Cochins from J. H. Evans of Newport road, between Bay and Victoria streets, last week.

This is the second time in two years that Mr. and Mrs. Evans have had all their chickens stolen.

Last Rites For Villa Park Woman, Mrs. Morrow, Held

VILLA PARK, Jan. 12.—Funeral services held Saturday afternoon at 2 o'clock from the Smith and Tutill funeral chapel for Mrs. Sara Morrow, a resident of Villa Park, who passed away Thursday. The services were attended by a large group of friends and relatives of the Morrow family. Flowers which covered the casket bespoke esteem in which the deceased was held by her neighbors and friends.

The services were conducted by Mrs. Helene Covelin, of the Christian Science church of Orange. Miss Josephine Duran sang two solos, "O Gentle Presence" and "Still, Still with Thee."

The pallbearers were John Ragan, Willard Smith, Will Holditch, Louis DeLong, Charles Thomson and Walter Adams.

Frank Woodhouse Passes On Sunday

Frank L. Woodhouse, 70, of 707 South Flower street, who has resided in Santa Ana for the past eight years, passed away yesterday at his home.

Funeral services will be held on Tuesday at 3:30 p. m. at the Smith and Tutill funeral chapel here with the Rev. Perry F. Schrock, pastor of the First Congregational church, officiating. Interment will be in Fairhaven cemetery.

Mr. Woodhouse is survived by his wife, Mrs. Clara E. Woodhouse; a daughter, Mrs. Bessie M. Curtis, of Anaheim; and a son, H. J. Woodhouse, of Roll, Ariz.

Swiftest, Easiest Way to End Bilious Spell

When you neglect those first symptoms of constipation—bad breath, coated tongue, listlessness, the whole system soon suffers. Appetite lags. Digestion slows up. You become headachy, dizzy, bilious.

It's easy to correct sluggish bowel action! Take a candy Cascaret tonight. See how quickly—and pleasantly—the bowels are activated. All the souring waste is gently propelled from the system. Regular and complete bowel action is restored.

Cascarets are made from pure cascara, a substance which doctors agree actually strengthens bowel muscles. All drug stores have Cascarets. 10c.—Adv.

ANNOUNCES TESTS FOR FEDERAL JOBS

The United States Civil Service commission has announced open competitive examinations as follows: Associate medical officer (female), \$3200 a year, U. S. Public Health service, Washington, D. C.; senior medical technician (roentgenology), \$2000 a year, for duty in the veterans' hospital, Tuskegee, Ala. Colored eligibles are desired for this vacancy. Girls' advisor, senior high school, \$2600 a year, girls' advisor, reservation and junior high school, \$2000 a year, Indian service; matron, senior high school, \$1500 a year, matron, reservation and junior high school, \$1200 a year, assistant matron, \$1080 a year, Indian service.

All states except Maryland, Virginia, Vermont, and the District of Columbia have received less than their share of appointments in the apportioned departmental service at Washington, D. C.

Full information may be obtained from Martin Warren, secretary of the United States Civil Service board of examiners at the post office in this city.

J. C. Gray, Santa Ana Resident For 25 Years, Passes

A quarter of a century of life in Santa Ana had closed today for Josiah C. Gray, 76, of 609 McFadden street, who died on Saturday. Funeral services were held at 2 p. m. today from the Smith and Tutill chapel here.

Mr. Gray was the husband of Mrs. Ella Gray and father of Almer Gray and Mrs. Hazel Gray Lambert, of Santa Ana, and Mrs. Dicie McDonough, of Los Angeles.

CLUB ENTERTAINED

VILLA PARK, Jan. 12.—Mrs. W. J. Rasch entertained the Modern Priscilla club recently. The new officers elected for the year include Mrs. John Ragan, president; Mrs. H. Baker, vice president; Mrs. A. W. Strich, secretary; Miss Margaret Holditch, treasurer. The remaining hours were spent in conversation and needlework.

Those enjoying the afternoon were Miss Margaret Holditch, Mesdames H. R. Tritt, R. Warren, R. W. Sussendorph, W. M. Tiple, Ed Stanley, A. W. Struch, H. D. Nichols, John Ragan, H. H. Gardner, John Allen, H. Lockett, A. W. Hughes, R. Bell, H. Baker, H. Brewer, L. DeLong, I. N. Adams and the hostess, Mrs. Rasch.

The next meeting will be held at Mrs. Sussendorph's with a pot luck dinner at noon.

DEATH CLAIMS BOAZ ATHERTON PIONEER HERE

ORANGE, Jan. 12.—Boaz Atherton, 70, for nearly a quarter of a century a resident of this city, passed away this morning at his home at 526 East Maple avenue, after a two weeks' illness. Funeral arrangements are in charge of the C. W. Coffey funeral establishment and the time of the funeral is to be announced later.

Mr. Atherton was born near Vermont, Ill., and came to California in 1914 and to Orange in 1916. He had lived since that time and had been identified as one of the prominent orange growers of the vicinity. He was a member of the First Christian church and of the Men's Community Bible class.

Surviving Mr. Atherton are his widow, Mrs. Sarah E. Atherton, four daughters, Mrs. W. P. Brewster, of Lewiston, Ida.; Mrs. Elsie Yader, of Salem, Ore.; Mrs. Roy E. Willis, of Dayton, Ore.; and Mrs. Thomas Hight, of this city; two sons, C. Ross Atherton, and Ray Atherton, of Spokane, Wash.; eight grandchildren and one great-grandchild.

He is also survived by three sisters, Mrs. Mary E. Nichols, of Orange; Mrs. Elsie Aten, of Compton; Mrs. C. G. Hicks, of Vermont, Ill., and two brothers, Kester Atherton and Richard E. Atherton, both of Vermont, Ill.

NEEDY FAMILIES AIDED BY STORE

ORANGE, Jan. 12.—Many mattresses and a large amount of bedding have been given to needy families at the Orange Community Welfare store the past week, according to Mrs. Lillian Wettemann, city welfare worker. Several Mexican families were found to be sleeping on the floor and these were given sanitary cots and mattresses.

The women of the guild of the Holy Family church have charge of the store this month.

Third Patrol For Placentia Scouts

PLACENTIA, Jan. 12.—With a rapidly growing attendance necessitating expansion, plans for a third patrol were made at the Friday evening meeting of the Placentia Boy Scout troop at which 16 members were present.

The two present patrols are the Beaver and the Flying Eagle, led by Albert Queyrel and Buster Barbra, respectively.

Two new members, Richard Summers and Warren Ingham, were accepted. Richard Summers passed several tenderfoot tests and Kenneth Englin passed second class tests.

Troop Committeeman H. J. Rymer told of the county wide contest which is being inaugurated, featuring knot tying, signaling, bringing in new members, and

many other details of scout craft, and also spoke on the advantages of attending Camp Ro-Ki-Li, which Scoutmaster Claude Glenn is anxious to have as many members as possible attend.

ENGLISH STAR HERE Emily Fitzroy and Juliette Comp-ton, favorites on the London stage, have been assigned roles in Ruth Chatterton's new Paramount production, "Unfaithful."

EXPERIENCE OF CHRISTIANS IN CHINA IS TOLD

The Rev. F. Dickie, who has spent more than 40 years in the China Inland mission, spoke yesterday morning in the Free Methodist church, Fruit and Minter streets. His address was intensely

Quinine
COMBINED WITH A
Laxative

always has been and no doubt will always be the most dependable treatment for COLDS.

Ask for
Grove's Laxative
BROMO
QUININE
Tablets

interesting according to those who attended the service. He said in part:

"The Chinese Christians often suffer much persecution, both for their faith and by reason of the brigands. A Chinese evangelist at Sing Feng who was captured by brigands in April, was imprisoned and passed through many trying experiences, but bore fearless witness for Christ. I quote an extract from a translation of his letter: 'I was cross-examined several times on the 11th. They accused me of being an atheist; I said I was not, that the doctrine I preached was from heaven, and then took out my New Testament to prove it. Chu Teh-mao and his staff were looking on and listening. Thinking I might have to die soon I prayed for courage to preach Christ to them; the Lord stood by me and enabled me to tell of heaven and the way to it, also the doom of Christ rejectors. Mr. Li, my examiner, replied, 'I know about the doctrine, it is all right, but you must stop preaching that and preach communism instead.' They suggested a ransom, but I told them I had no money, that I had lost my home and all in it, and did not even know where my wife and children were. I was then led back to prison.' This good man was unexpectedly set free two days later."

The Rev. Mr. Dickie reported that more than 2000 Chinese converts were baptized in the China Inland Mission last year.

NEEDS MORE LIKE IT

COUNCIL BLUFFS, Ia., Jan. 7.—Movies recently were shown in this city at which customers were paid 25 cents to attend instead of paying an admission price. The films shown pictured the story of natural gas and were part of a campaign to obtain a favorable vote on natural gas in the city.

The Public Forum

Communications under this heading must be signed by the name of the writer. These communications express the opinions of the writers of them. The opinions may or may not be the opinions of The Register.

Midway City, Jan. 9, 1931.

Editor Register: I read with much interest an article in your issue of the 8th, inst., in reference to the activity of the Farm Board and the fact that they had purchased 100,000,000 bushels of wheat, the further fact that in Canada where they have had no Farm Board that wheat is 22 cents under Chicago prices, that is enough in itself to entitle them to some justification for their existence, and I do not understand why the press does not get behind these men who are trying to solve this farm problem which is the most direct cause of our economical troubles.

The fact that they bought that much wheat put millions of dollars to the credit of the farmers is true, but not one cent but what was justly due them and had they not done so, would have been a calamity no living man can estimate. It was not the money for that 100,000,000 bushels that counted but it automatically affected every other grain and product of the farm. And where this fact is credited and this policy accorded the support it so much needs, every business and inhabitant in this country will be benefited.

You also mentioned a deal whereby they lost the opportunity to get rid of 75,000,000 bushels because Russia underbid the board 20 cents per bushel, that Russian wheat is shipped to any prospec-

tive market unsold, with orders to undersell any competition. That is the market most people think the U. S. farmer should continue to accept, not only for the 10 per cent he has to export but also for the 50 per cent for home consumption. Now this board has given this problem more intense study than any problem before the people of this country in the last century and they realize that the only practical plan is to stabilize the price of wheat at a fair average cost of production and in order to do that they must have power to enforce a reduction in production to domestic needs. They need the support of the press and so long as they are denied this just so long will we have unemployment and depression.

Yours truly,
FRANK WILLSEY.

Officers Named By Stockholders Of Water Concern

ORANGE, Jan. 12.—J. D. Trussell was elected president of the Peralta Hills Water company at a meeting of stockholders held Saturday at the company's pumping plant. Other officers elected were J. E. Johnson, vice president, and Hugh T. Thomson, secretary. Dr. A. H. Domann and Hal E. Middleton are other members of the board of directors.

A report on the company's new well near Atwood revealed that an abundance of water is being obtained. The company now has two wells. It was stated, both of which are producing an abundant supply of water for the company's needs.

TELLS OF ROAD PIONEER LOCAL TO EXPERIENCE WOMAN LAID TO OF CHRISTIAN REST SATURDAY

"The Road to Christian Experience" was the subject of the sermon at the service of the First Methodist church yesterday, preached by Dr. George A. Warner, pastor of that church. He said in part:

"Major life decisions are made earlier these days than at any time in the world's history. Lads and ladies wearing clothes are saying 'I can be this or that,' etc. They can be. It is amazing how much they can be. But if they are going to be they must begin now. They will soon hear the sound of shutting doors so familiar to us all. All too shortly they will realize that this only can they do. The hours of decision will be over, only one door will be open."

"The possibilities of rapid communication, the enlarging contribution of education, the flood tide of literature and a myriad of other contributing causes have created a life speed-up that changes the whole fabric of our civilization. So much more is now crowded into the adolescent years than in even recent generations that the church must crowd her claims into these years also or forever be precluded the opportunity of presenting them."

"Preaching has become a matter of guiding Christian experience, for the most part, rather than of introducing it. Before the boy or girl is awakened in their interest concerning the preaching services, the Christian decision must be made or woe is the church. Without a speedy recognition of this elemental fact, the church of today will annihilate the possibility of the church being any great going concern tomorrow. In the interest of making us all better evangelists, we address ourselves to this subject. Certain principles are easily recognized."

"Christian experience begins when we become conscious of wrong doing, and have an insistent desire to be freed from it. The assumption of this attitude is peculiarly difficult these days. Oftentimes there is a feeling of responsibility because there is little recognition of authority. The diameter of life has so lengthened that there is bewilderment concerning what is right and what is wrong in many situations. Judgment has not matured as rapidly as life has expanded. Psychology sets itself the task of making the individual self sufficient. There is a determined drive to be rid of God."

"Christian experience centers in belief in Christ. Belief is an Anglo-Saxon word—'by-life.' The sense is made plain in those lines from the familiar hymn:

'We own thy sway, we hear Thy call,
We test our lives by Thine.'

"Jesus is the character ideal. By looking to Him we keep the vision clear. He is not drab, nor gray; He is purity itself. He is white. Jesus is the instructor. He knows the way for He lived the life. Only those who live the truth they would convey, can impart it. Jesus supplies the power."

"How one life affects another can never be described, but that it does is every day knowledge. Herein is the secret of leadership. An ancient said 'I'd rather have an army of stags with a lion for a leader than an army of lions with a stag for a leader' and he was right. Leaders contribute of their lives to their followers in such quantity as to inspire them to heroic deeds. Worthy leaders are saviors of their followers."

"In the same sense, but to a greater degree, Jesus by His life and death contributes to those who dare follow Him until their lives become like His. History is vocal with cases. Christian experience is fellowship with a Christ-like God."

"Fellowship is proportional to the mutualness of our experience. Did you ever meet a long time friend, or group of friends, after considerable separation, under favorable circumstances? If you did these folks were not abstract. They were part and parcel of your life. With them as Walt Whitman says 'You could loaf and invite your soul.' There was mutualness in your experience. Christian experience develops this mutualness into fellowship with a Christ-like God."

HEALTH CLINIC TO OPEN JANUARY 14

EL MODENA, Jan. 12.—The first health clinic to be held for babies of El Modena is scheduled for Wednesday at 2 p. m. Americanization work is under way in the vicinity of El Modena and classes are soon to open, according to Miss Phyllis Wamaker, who is in charge of the work.

FORCED TO VOTE
PANAMA CITY.—Panama's revised election laws place a penalty on all those working for the government and those doing business with the government who fail to

vote. This is an effort to get part of the 90 per cent of the voting public of Panama who don't vote to go to the polls. Penalty in the first case is loss of office; in the latter loss of contracts.

Late News From Orange And Nearby Towns

GETTING MOST FROM LIFE IS SUNDAY TOPIC

VILLA PARK, Jan. 12.—Dr. W. M. Tipton spoke at the Villa Park Community church yesterday from the topic, "Getting the Most Out of Life." The pastor said, in part: "There are various ways of getting things out of life, some good and some bad. There is a disabled veteran, I know, who is looking at life in a very strange way. Recently his home was burned to the ground with all his possessions, and friends not only furnished him home, but also gave to him money. One would suppose that he would buy things that were needed, but he bought a set of drinking glasses, which might have been bought for 15 cents each, but he paid 75 cents for each glass. When he was asked why he spent the money for such elaborate things he said, 'As long as I have the money, I shall buy the things I want, for the whole world owes me a living.' He did have a great deal, but he seems to be looking on the dark side of things."

"A young girl, a cripple, who perhaps will never walk again, could look out of the window at a people passing. She could see the sunshine part of the day, and she wondered how much those who passed her window were getting out of life. She hadn't much. She had paper flowers, and wrote letters and planned them around the stove, and dropped them from her window."

Hold Fast to Good
"My text is found in I Thes. 5: 21. 'Prove all things; hold fast that which is good.' We sometimes chide our young people, be-

Specialists in construction, power installations, ventilating, burglar alarm, and all electrical work. Edison Mazda lamps. 1201 N. Main St. Phone 264.

ORANGE PASTOR IN SERMON ON 'DAY FOR MAN'

ORANGE, Jan. 12.—"A Day for Man" was the subject of the sermon given by the Rev. Franklin H. Minck at the Christian church Sunday morning. The choir rendered the anthem, "Stand Up for Jesus" and Mrs. Leon Lee Larz sang "The Living God," by O'Hara.

The Rev. Mr. Minck said in part: "The Jews observed 53 Sabbaths, or seven and one-half weeks of Sabbaths. They had not accepted Christ as their Saviour, they observed the Old Testament law. The Lord's Supper was held on the first day of the week which was instituted by God as a day of worship. The Jews did not recognize the Christ and so continued with their sabbath and the Gentiles had no day of rest."

"Worshiping on the Lord's Day was a change made by God, not by man. God raised Christ on the first day of the week. Christ appeared on the first day and it became a particular day of worship. Then followed Pentecost on the first day of the week. First the change was made by God, then by Christ, and lastly by the Holy Spirit at Pentecost. It was 300 years before there was a day of rest and it was in the fourth century when Christ conquered the pagan world and instituted not only a day of worship but a day of rest. The spiritual meaning of the sabbath was given by Jesus. The sabbath was made for man. It was a gift from God. It is a day of spiritual recreation and a day of worship."

"It is a day of worship and a day of service for others. Eternal life begins on the Lord's Day, the anniversary of the resurrection of Jesus Christ."

ADD BERRY LAND

BARBER CITY, Jan. 12.—James Winslow and W. H. Stokes are adding to their strawberry fields this spring. The two acres now going in making three and a half acres of the fruit which will be bearing during the year. The strawberry fields are located on the Stokes land.

U. will meet Tuesday afternoon at 2:30 o'clock at the Christian church parlor.

INJURED PASTOR'S CONDITION BETTER

ORANGE, Jan. 12.—Word received from the Rev. M. L. Pearson, who is in a hospital at Pasadena, is that the retired pastor of the First Presbyterian church is greatly improved. The Rev. Mr. Pearson was seriously injured New Year's day, when he was struck by an automobile while he was crossing a street in Pasadena.

Physicians in charge of the case had stated that no change might be expected in the injured man's condition for at least a month. The pastor recovered consciousness yesterday. As a result of his improved condition, his arm, which was broken in two places, was set yesterday.

Beside a broken arm, the Rev. Mr. Pearson suffered a fractured skull, broken ankle and had five ribs broken.

New Officers Of Royal Neighbors Inducted Jan. 14

ORANGE, Jan. 12.—The members of the Royal Neighbors are anticipating a pleasant meeting on Wednesday, when new officers are to be installed. The meeting is to be held at the Smith and Grote hall.

REV. REEVE IN SERMON ON MARKS OF LIFE

EL MODENA, Jan. 12.—The marks of a Christian or the marks of a new birth were discussed by the Rev. Joseph Reece of the Friends church here yesterday, who said in part:

"There are several texts which I want to call to your attention, which are found in I John 3. 'Behold, what manner of love the Father hath bestowed upon us, that we should be called the sons of God; because he knew him not.' A great deal of the trouble in this world would be eliminated, if a clearer line were drawn between what is wrong and what is right. If we would not ride the fence, a lot of trouble would be eliminated."

"We might look at our own lives and see that there is no guess work about our Christianity. Everything in the world has some distinguishing mark."

Marks Are Left
"When I was in the hills of North Carolina, at one time, an old mountaineer said, 'Better keep to the high places today, for it looks so much like rain.' As we went along, we could see sticks in the trees, almost 40 feet high, and it was where the water had gushed down after a big rain, and had left its mark. As we go along through life we leave our marks; whether we wish to do so or not, we leave our imprint. We may think we are not doing much of anything, but people have some thoughts of what we are doing. Are we leaving a mark which we will be glad about, and that our friends will be glad or sorry about?"

"I suppose all of us have been at school. We used to say our marks were good this month, or they were not so good the next month. We had something to do with those marks; if we had been playing and dilly-dallying around, we got poor marks. When I went to school, all the marks I received were arithmetic, so much; writing, so much; and reading, so much, and that was about all. When I went to school, just a little card was needed on which to put down my grades. But when I looked at my boy's card, good initiative, cleanliness, care of property, are some of the things he gets marked on. It seems the schools are trying to work on that boy in such a way as to make for good citizenship."

World Knows Us Not
"The world knows us not. It sees us on the outside, and is amazed at the lives we live. Now are we the sons of God, beloved, that we might realize our kindly mind. It doth not yet appear what we shall be. Every man purifieth himself, keeps in constant repair, doing those things that are right. For sin is the transgression of the law and 'in him is no sin.'"

Mistake Not Sin
"Let no man deceive you; he that doeth righteousness is righteous, even as he is righteous. Other people may say, you can sin occasionally, and don't be hard on us. That was the only purpose for which Jesus came down to earth and bore the cross—to show people how to live. Whosoever is born of God, sinneth not. Is that too strong? If we walk along each moment step by step with God, we are not going to sin. If we do not walk with God, there is a probability that we will sin. We may make mistakes, but a mistake is not a sin. In our finite minds, we may not always do the very best, but we generally judge the heart. Once when I was away from home, my wife wrote me a nice letter, and the spelling was perfect and the grammar was fine, and the penmanship good, and she told me that she loved me, and I was glad to get the letter. Elizabeth and Barbara wrote to me, too, and they wrote that they loved me, and should they be blamed because the spelling, and grammar and penmanship were not as good as their mothers'? They blundered, but they did the best they knew how. We bring in our mistakes, and God knows that we do the best we know how."

Radio News

TURNER RADIO STORE SHOWING 11 TUBE SETS

The Turner Radio company is celebrating the arrival of the new 11 tube superheterodyne-plus radio, a new addition to the Philco line. Mr. Turner said today:

"The 11 tube superheterodyne-plus is the product of the engineering staff of the Philco company and is in my belief, the most powerful set ever offered the public. It is thoroughly shielded and on-oscillating and will get distant stations with wonderful clearness and sharpness. In addition, the Philco automatic volume control keeps distant stations from fading and prevents blasting or distortions."

from strong local stations. Tone control gives the listener just the shade of tone he prefers and the station recording dial insures quick and accurate tuning.

The Philco is a complete line, ranging from the seven tube baby grand model to the 11 tube superheterodyne with automatic record changing phonograph in combination.

This is the first time that automatic volume control has been inaugurated in a superheterodyne set at a popular price.

Laguna Theater Proprietor Saves Tall Palm Tree

LAGUNA BEACH, Jan. 12.—"Spare that tree" sounded in the ears of Fred Aufdenkamp, theater man, as he had a tractor excavating for the theater he plans to erect on Ocean avenue.

It was a tall palm two feet in diameter and very heavy. But despite the difficulties, Mr. Aufdenkamp moved the tree to the rear of the lot where a small triangular part of the lot will be used as a miniature park.

"Too good a tree to cut down, and anyway, it won't hurt to set an example in tree saving," he commented as he viewed the tree in its new setting with entire approval.

KNOCK THAT COLD IN A JIFFY
Here's Relief Almost Before You Know It

If you want quick relief from a cold, go back to first principles and use something you know does the business—don't start "trying" a lot of fancy ideas or remedies. Even a "little" cold is too dangerous to take chances on.

Get Hill's Cascara Quinine. A scientific formula made to do ONE THING WELL: to knock a cold in a jiffy, not to cure a hundred different things.

Take two tablets now. Then follow directions on box. Drink lots of water, too—that's all. Soon those aching pains in the head and body begin to go; the cold breaks up; poisons leave your system. Almost before you know it, you feel like a new person.

If it doesn't do that, your money back. Get a box now. You'll be surprised at the speed with which it works. Costs only a few cents.

HILL'S Cascara Quinine Compound

NEW OFFICERS OF CLUB INSTALLED

SAN CLEMENTE, Jan. 12.—Win Keel, new president of the San Clemente-Santa Ana Capistrano Kiwanis club, upon taking office at a session of the organization here January 9 said that one of the main objectives of the club during the coming year would be attendance. He appointed Fritz Hallberg chairman of the attendance committee and announced that the club would seek national attendance honors in the coming contest of Kiwanis.

J. C. Harbman was the principal speaker of the session. Dr. Robert Hogarth, rector of St. Clemente's church, was introduced to club members.

Officers installed besides President Keel, follow: vice president, Bert Ostot; vice president, Roy Strang; Dan Acres, secretary-treasurer; Dan Mulhern, trustee; board of directors, Trafford Huteau, O. R. Robertson, W. H. Griswold, Dr. Garnet R. Grant, Judge Fred S. Warner, George Ferguson and G. Scherck.

LA HABRA PASTOR PLANS BIBLE CLASS

LA HABRA, Jan. 12.—A Bible school to be conducted twice each day at the Baptist church is being organized by the pastor, the Rev. T. C. Jordan.

He announced that the Bible will be used as a text book and it will be studied on its own merits. Anyone in the community who is interested is invited.

Classes will be held each day between the hours of 10-11 o'clock and 6:30-7:30 o'clock each evening, providing opportunity for all church workers to attend.

Foundation Of New Market For Cypress Finished

CYPRESS, Jan. 12.—The foundations are all in for the new drive-in market and four-cottage tourist camp which Mann and Sartwell, of Long Beach, are erecting on their lots on Lincoln avenue.

The Texas company will put in a service station on the grounds. The buildings will all be of white stucco. Two sons of Mr. Sartwell will be in charge of the market and camp. They will move to Cypress. The house that was on the lots has been moved to the rear.

Talks On Coast Slated Tuesday

NEWPORT BEACH, Jan. 12.—Radio talks of the Orange county coast line between San Beach and Laguna Beach will be given tomorrow by speakers under the auspices of the Orange County Coast association. The talks are to be given on the "Seeing California" time of the Pacific Electric Railway company and Motor Transit company.

C. Hartwell Smith, of Laguna Beach, will talk for 10 minutes over KFI at 12:30 o'clock and for the same length of time over KGER at 2:45 o'clock while W. R. Osborn, of Huntington Beach, will be the speaker over KHJ at 5 p. m.

The Orange County Coast association's annual meeting will be held at the White House cafe, Laguna Beach, at 6:30 p. m. tomorrow. In addition to the election of officers for 1931 and the usual business, a talk on "Santa Ana, a Sea port," will be given by Bruce V. Crandall, boat builder of Newport Beach. One of the speakers in the project of extending Newport harbor to the county seat.

How Weak Nervous Women Grow Stronger

Feel Better, Look Younger and Have Steadier Nerves

If you only knew—you rundown, anemic women—who are dragging yourself around on your "nerves"—what a wonderful increase in strength and health Tanlac will give you, you wouldn't hesitate a moment about going to your druggist and getting a big bottle of this splendid medicine.

Mrs. Dora Robillard, of Bellingham, Mass., R. F. D. 1, Box 17, says: "I had no digestion nor appetite. Sick headaches laid me up in bed three days at a time. I couldn't even do light housework. Now I do all our cooking and washing in addition to the other work."

Tanlac is as free from harmful drugs as the water you drink—only Nature's own medicinal tonic herbs. Druggists know this and for the past 10 years have recommended it to men and women who need a quick "pick up" that will put them on their feet and give them a new interest in life.

So confident are the makers of Tanlac that if you are not helped by it, you get your money back on request.—Adv.

ESPINOSA, LOOS LEAD LOS ANGELES OPEN

CARDINAL BOSS "AT HOME"

"Down in Old Missouri" there is a pretty little St. Louis Cardinal fan who swears by Gabby Street, Redbird manager. She is three-year-old Sally Street, pictured above in the arms of her daddy, the man who piloted the Cards to a National League championship last fall. The flannel shirt worn by the baseball veteran is characteristic of him these days as he cleans house, paints, and fixes up the home at Joplin, Mo.

"PA" STRIBLING IN NEW YORK TO FIX BOUT WITH SCHMELING; MAY TAKE BATTLE TO DETROIT

NEW YORK, Jan. 12.—(UP)—Determined, it seems, to establish a new all time high for arguments, the present heavyweight wrangle today entered a new week of conferences.

Today's most important conference was attended by officials of the milk fund, officials of Madison Square Garden, Joe Jacobs, manager of Max Schmeling, and "Pa" Stribling, father-manager of W. L. "Young" Stribling.

"Pa" told the United Press that the conference would consider the Garden's plan to promote a Schmeling-Stribling bout in June with either Jersey City or Detroit as the scene of battle.

The Garden already has a contract for Schmeling's service, so all that is needed to make the thing click is "Pa's" signature on the various articles. The articles which "Pa" is to sign, by the way, stipulate that should Stribling defeat Schmeling, he is to defend his title against Primo Carnera in September.

"Pa" was asked if he planned to sign.

"Well, I dunno," Pa answered. "The reports that had me signing as soon as I saw the papers were a bit premature. You know this Garden proposition is just one of many and I'm not at all sure it's the best."

Also Stribling is a trifle skeptical about signing a contract calling for his son to fight two outdoor fights in one season. "Pa" thinks such a thing would violate the finest traditions of the boxing business.

This latest proposal by the German followed President W. E. Carey's failure to interest either Schmeling or Stribling in a match with Jack Sharkey. Neither of the boys cares to have a thing to do with the Boston sailor. All of which might come under the head of self preservation.

"Pa" also told the United Press he had received a \$100,000 offer from a Miami promoter for a Stribling-McKay fight.

"I am not particularly interested in the Walker match, but might take it if this Schmeling thing falls through."

There will, of course, be other conferences during the day. Nate Lewis, matchmaker of the Chicago stadium is still here, and still hopeful of securing the fight for Chicago. Inasmuch as Jacobs is bound to the milk fund and the milk fund likes to do business with the Garden, Lewis would seem to have taken a train ride for nothing.

But, then you never can tell. As Joe Jacobs said "we ain't certain of anything."

START BASKETBALL LEAGUE AT NEWPORT HARBOR JANUARY 15

NEWPORT BEACH, Jan. 12.—A form a similar league of volleyball teams, for the benefit of the older men in the community and those who don't care for basketball. These games will be carried on simultaneously in the small gym of the school on the same evenings as the basketball games.

Next Thursday, Jan. 15, will mark the opening of a first Harbor Community Basketball League. This new league is an outgrowth of an adult gym class which recently was started at the new high school under the direction of Ralph Reed, head of the athletic department of the school. Originally planned for a dozen, 55 men have become affiliated with or at least have attended the classes. This large group necessitated the forming of a regular schedule of games by organized teams so that all of the large group might take part.

Six permanent teams have been formed to date, all from the harbor district. They are as follows: (1) Costa Mesa Outlaws, (2) Newport Methodists, (3) Balboa Sea Scouts, (4) Newport Pirates, (5) Costa Mesa Community church, (6) Balboa Professionals. There are also one or two other teams in the process of formation, which will probably join in the league later.

The teams will play a definite schedule, each one playing in one of the three games slated every Thursday evening. As a stimulus, the Hawley Sporting Goods company of Santa Ana, through Al Jasper, has donated a handsome trophy to be presented the league champion. The league schedule is divided into two halves. The first round of games will constitute the first half, and the second round the second half. The champs of each round will meet in a playoff to determine the final championship.

An attempt is being made to

form a similar league of volleyball teams, for the benefit of the older men in the community and those who don't care for basketball. These games will be carried on simultaneously in the small gym of the school on the same evenings as the basketball games.

DID YOU KNOW THAT—

Bill Terry got very tired sitting on the bench watching Long George Kelly playing first for the Giants. . . . The National League's leading hitter for 1930 chafed under McGraw's restraint. . . . Once he asked McGraw to let him go out and try his hand in the outfield. . . . "No," responded Mac, "you might get hit on the head with a fly ball." . . . But now Bill says he is just beginning to realize how much he learned by watching Kelly. . . . Bill was a left handed pitcher originally. . . . He makes his home in Memphis during the winter. . . . His pet aversion is having his newspaper. . . . But he will allow as many pictures of himself as the most exacting cameraman would desire.

BY WHAT METHOD?

Alabama's line unquestionably is better than Notre Dame's line, and Notre Dame's backfield is better than Alabama's, writes a New York scribe. The process by which such an irrevocable conclusion was so unerringly reached

Vikings Beat Dons In Tight Game

LOCAL GAGEMEN LOSE 1ST TILT BY SCORE 23-19

(BY SKY DUNLAP)

Unable to overcome a first half lead after a thrilling rally in the last few minutes of play, the Santa Ana junior college basketball team was nosed out 23 to 19 by the Long Beach Jayvees Vikings in the first conference game of the season played Saturday night at Long Beach.

The Beachmen were never headed by the Dons all evening but were lucky to keep in the van. Even the Long Beach fans felt sorry for the Santa Anans as shot after shot jugged around the iron ring only to bounce out into the arms of the Vikings. The game was much like that of last year when the Dons crept up to tie the score at 21-all only to have a long Beach man convert a foul in the last four seconds of play and win 22 to 21.

Voorhees Big Star

Bill Voorhees, burly captain of the Viking football team, was the big star of the evening and added 14 points to the Long Beach score-sheet. It was mainly through his work that Long Beach had an 18 to 9 margin over Santa Ana soon after halftime so he was taken out to rest. At this juncture, the fiercest playing of the evening took place with all 10 players scrambling wildly for the casaba.

Emmett Steward electrified the crowd by dropping two setups through the meshes after some flossy passing by the Dons. Wayne Garlock brought the score up to 18 to 15 with a long heave from center, whereupon "Wild Bill" Voorhees promptly came back in the game to score a basket and two foul shots and put the game on ice for Long Beach.

Schuchardt in Rally

Captain Orr Schuchardt of Santa Ana, held scoreless all evening by a successive series of fluke misses, converted two field goals in the last two minutes to put the Dons only four points behind but the local passing suddenly went "haywire" and the golden opportunity to win the game went glimmering.

Next Saturday the Dons again take the road for Compton for the second conference game. The Tartars boast a strong team and will make it hot for the Donmen.

The lineup:

Santa Ana (19) (23) Long Beach Schuchardt (4) (6) Voorhees (14) Dunham (4) (1) Osborn (1) Johnson (2) (1) Sagerhorn (2) Garlock (2) (2) Soeborg

Substitutions:

Santa Ana—Lindley (2) for Johnson, Walbridge for Garlock, Appleby for Seacord, Garlock for Walbridge, Seacord for Appleby, Lindley for Garlock, Beatty for Lindley, Walbridge for Schuchardt.

Long Beach—Marshall for Soeborg for Yelovich, Whitbeck for Osborn, Landis for Voorhees, Yelovich for Marshall, Voorhees for Landis.

Score by Halves

Santa Ana 5 14-19
Long Beach 12 11-23

Referee: Buehler, umpire: Bowen, referee: Fry, scorer: Cohn, timer.

END FIGHT TRAINING

CHICAGO, Jan. 12.—(UP)—Jimmy Slattery of Buffalo, former world light heavyweight champion, and King Levinsky, Chicago slugger, planned to complete work today for their 10-round bout at Chicago stadium Wednesday. Both fighters were reported near top form, with Slattery remaining a seven to five betting favorite.

W. W. Foote was first in medal play, having a score of 80-11-69. Other medal play scores were: Dr. M. A. Patton, 86-16-70; Dr. C. E. Saulsbury, 80-10-70; L. J. Bushard, 94-24-70; L. D. Coffing, 83-13-71 and C. R. Furr, 85-14-71.

IN A blind bogey contest staged Saturday afternoon at the club houses, R. C. McMillan had 102-29-75; C. P. Patton 96-21-75 and S. C. Russell 113-38-75, to win first places.

W. W. Foote was first in medal play, having a score of 80-11-69. Other medal play scores were: Dr. M. A. Patton, 86-16-70; Dr. C. E. Saulsbury, 80-10-70; L. J. Bushard, 94-24-70; L. D. Coffing, 83-13-71 and C. R. Furr, 85-14-71.

BRUSHING UP SPORTS By LAUFER

ROBINSON WINS WEEKLY MATCH AT GOLF CLUB

L. H. Robinson won the Santa Ana Country Club's weekly match play against par golf contest staged yesterday when he turned in a card three down. C. W. Hoyle and J. K. McDonald tied for second honors, each being six down.

In the class B contests H. B. Rapp, H. J. Lowe and A. A. Beard each tied for first place with scores of two down and second place was a tie between the following, all of whom were three down: A. B. Watson, Ben Osterman, R. W. Cole, J. Martel, R. C. McMillan and F. C. Russell.

In a blind bogey contest staged Saturday afternoon at the club houses, R. C. McMillan had 102-29-75; C. P. Patton 96-21-75 and S. C. Russell 113-38-75, to win first places.

W. W. Foote was first in medal play, having a score of 80-11-69. Other medal play scores were: Dr. M. A. Patton, 86-16-70; Dr. C. E. Saulsbury, 80-10-70; L. J. Bushard, 94-24-70; L. D. Coffing, 83-13-71 and C. R. Furr, 85-14-71.

Rogers Family Team Up to Win Polo Game

SANTA MONICA, Jan. 12.—(UP)—Will Rogers and sons won a polo game Sunday, and today the cowboy humorist was contemplating organizing an all-Rogers family team.

Playing in his first official game, Jimmy Rogers, 14, teamed up Sunday with Will sr., Will jr., who is 18, and Carl Beal, and defeated the Buccaneers at the Uplifter's club, 17 to 7.

Will sr. was the star of the game, scoring seven goals, as many as all four players on the opposing team. Will jr. scored four and Jimmy scored three.

The humorist's daughter, Mary, 16, is an expert rider and has played polo on her father's field many times so Rogers now can assemble a full team from his own family anytime he wishes.

PLANS FOR CHICAGO GOTHAM FIGHTS

CHICAGO, Jan. 12.—(UP)—Plans are announced today for the annual inter-city golden gloves boxing bout between New York and Chicago, to be held at Madison Square Garden, New York, March 30.

The 1931 tournament will be the fourth renewal of the competition sponsored by the Chicago Tribune and the New York Daily News. Each city has won two of the previous tournaments.

The Chicago team will be selected through tournaments held in 15 middle western cities. Each city will send teams of eight boys to Chicago for competition in the semi-finals and finals at Chicago stadium, March 11. Winners and runners-up in each of the eight weight divisions, and eight alternates, will qualify.

ERNIE TRIPLETT WINS ASCOT RACE

LOS ANGELES, Jan. 12.—(UP)—Ernie Triplett won the 100-lap event at the Ascot Speedway yesterday in the fast time of 50 minutes, 4 seconds for the 62-1-2 miles. He finished three-quarters of a lap ahead of Subby Stubbfield.

TWENTY-THREE LEFT IN GOLF TOURNAMENT HERE

The forty-six Santa Ana golfers who started down the fairways of the Willowick golf course this past week in the Willowick Handicap Tournament, had been reduced to 23 today following the finishing of the first round meets which closed yesterday.

The next rounds must be completed by January 18, it was announced.

Results of the first rounds were:

First Flight

Frank Angell defeated R. R. Barber, 1 up.

J. H. Evans defeated C. A. Lemke, 4 and 2.

D. Todd defeated R. E. Chapman, 5 and 4.

B. J. Manker defeated C. R. Furr, 1 up, 19th hole.

Russell Mangum defeated E. C. Bangs, 1 up.

R. F. Campbell defeated H. H. Fulton, 2 and 1.

Bert Johnson defeated R. E. Gray, 3 and 2.

Fred Robertson defeated Glen Watery, 2 and 2.

Second Flight

B. J. Morey defeated Jack Beecher, 4 and 2.

Done Jerome defeated W. J. Byers, 4 and 3.

F. C. Little defeated A. R. Warner, 1 up.

H. R. Arnett defeated W. L. Faulker, 5 and 4.

E. R. Machander defeated B. C. De Freitas, 2 up.

D. E. Lemke defeated D. Schmitz, 2 and 1.

Alden Bonfils defeated Clarence Trickey, 5 and 4.

Third Flight

Paul Dozier defeated George Mull, 3 and 1.

Ed Cochems defeated A. J. Lirette, 2 up.

F. G. Guthrie defeated A. C. Gibbs, 5 and 4.

P. Adams defeated Don Mosely, 7 and 6.

Barney Snee defeated Oscar Hansen, 5 and 4.

Ralph Livenspire defeated H. A. Nelson by default.

E. D. Christensen defeated G. L. Minter by default.

C. A. Bond defeated A. Bertieson, 6 and 5.

Other winners were: Mel Morgan, 23; Herb Carter, 21; Carl Kump, 21; Herb Heanes, 18; Sam Collins, 17; Vance Fixsen, 16 and Amos Smith, 12.

Dressed chickens were won by Carl Gregg, Morgan, Heanes and Fixsen by using their handicaps.

CAL GREGG WINNER OF HANDICAP SHOOT

The Handicap skeet meet staged by the Santa Ana Skeet club yesterday afternoon was won by Cal Gregg, one of the club's ace shots, who broke 24 of the 25 targets.

Max Baer In 2d New York Bout Tonight

NEW YORK, Jan. 12.—(UP)—Max Baer, young California heavyweight, makes his second appearance in Madison Square Garden Friday night in a 10-round bout with Tom Heeney of New Zealand.

Baer was defeated by Ernie Schaft in his first eastern showing, but is expected to have little trouble in disposing of Heeney. The New Zealander never was a great fighter, even on the night he fought Gene Tunney for the heavyweight title. Since that time Heeney has slipped badly, and is now rated as nothing more than a study trial horse.

Ralph Ficucello and Paul Swiderski will meet in the 10-round semi-final.

CYPRESS WINS SHUTOUT GAME FROM L. B. NINE

Cypress, winners of the Orange county baseball league had little trouble beating the Slatts Clovers of Long Beach in a fast game played at Cypress yesterday afternoon. The score was 7 to 0.

Hemus, ace twirler for the champs, was in rare form and although touched for seven safeties, kept them few and far between and earned his shutout victory in easy fashion. Olson, center fielder for the visitors, welded the big stick of the afternoon, getting three of the seven hits Slatts collected out of four trips to the plate.

Safe hits in the second, third and fourth innings iced the game for Cypress, with every man on the Cypress club getting at least one hit. The score:

	Cypress	Slatts
Hatfield, cf.	5 2 1 2 0 0	1 0 0 0 0 0
Jewett, ss.	4 1 1 5 2 0	0 0 0 0 0 0

WICHITA CHAMPIONS IN L. A. FOR GAME

LOS ANGELES, Jan. 12.—(UP)—Henry's Clothings of Wichita, Kas., national basketball champions, will meet the Los Angeles Athletic club here tonight. Neither team has been defeated this year.

Henry's boasts such All-American stars as Captain Berry Dunham, guard; Ross McBurney, forward; Charley "Bad News" Hyatt, Tom Pickell and Rags Wilcox are the stellar lights of the clubmen.

Old Auto Racer Wins Boat Race At Long Beach

LONG BEACH, Calif., Jan. 12.—(UP)—William Gregory, old time automobile race driver, piloted his outboard motorboat Pillian, to victory in a 10-mile race here yesterday in 3 hours, 23 minutes, 10 seconds. His daughter, Lillian, acted as his mechanic.

Miss Mahoney with Ernie Millot and Chet Livingston as its crew, finished second in 3:55:10, and the Von P., with Paul Grade and William Bellah aboard, was third in 3:41:10.

CHICAGO PROS SMASH PAR TO LEAD AT HALF

(United Press Staff Correspondent)

WILSHIRE COUNTRY CLUB, LOS ANGELES, Jan. 12.—Fifty-two survivors out of a field of 138 set out today in quest of golfing glory in the final 36 holes of the sixth annual \$10,000 Los Angeles Open Golf tournament.

Out in front after 36 holes of play Saturday and Sunday were Al Espinosa and Eddie Loos, both of Chicago. A spectacular second round of 67, three under par, and the greatest 18-hole rounds of the tournament enabled Espinosa to pull up even with Loos, each with 139. Loos shot a 69 on the first round and a 70 yesterday.

Riding easily and somewhat dangerously in third place was Les Diegal, American-born professional now representing the Agua Caliente, Mex., club. His total was 140 for 36 holes, even par.

Behind Diegal was Frank Walsh, another Chicagoan. A brilliant 69 Sunday enabled him to pull up among the leaders.

47 Professionals Left

Of the 52 players left, 47 were professionals and four amateurs.

PREVIOUS WINNERS

LOS ANGELES, Jan. 12.—(UP)—Previous winners and scores in the Los Angeles open golf tournament are:

1926—Harry Cooper, 278.
1927—Bobby Cruickshank, 282.
1928—MacDonald Smith, 284.
1929—MacDonald Smith, 285.
1930—Densmore Shute, 290.

The other, George Von Elm, of Los Angeles, former national amateur champion, competed as a "Business man golfer," a term synonymous with professional. His high score for the qualifiers was 153.

Von Elm, who tied with Jack Forrester, Scotch-born professional from Hackensack, N. J., at the end of the first 18 holes Saturday, each with a 68, wavered on his second round, and dropped all the way to a tie for 11th place with three others. Forrester shot an 81.

Diegal in Money

It appeared at the start of the final 36 holes today that the former most contenders for first prize of \$3500 were the four closely bunched leaders—Loos, Espinosa, Diegal, Walsh—and Wiffy Cox, Brooklyn, and Craig Wood, Bloomfield, N. J., who were tied for fifth place with 143s.

The quartet tied for seventh place, including Tommy Armour, Detroit, Walter Hagen, Detroit, Tony Aramo, Elmford, N. Y., and Roland Mackenzie, Washington, D. C., low amateur, hardly seemed to have a real chance at first money, unless the forerunners slip badly. The seventh place quartet were tied with 144s.

New Ball Used

The new lighter and bigger golf ball which seemed to have the nation's foremost money players baffled in the \$4000 Pasadena Open in December has proved no puzzle to them in the present competition.

With two players, Loos and Espinosa, one under par for 36 holes, Diegal at even par with 140 and Walsh one over par, there was no indication that the new ball will make any pronounced change in golf among the players who make their living at the game.

Les Diegal's comment on the new ball seemed to express the attitude of most of the professionals.

"Show me a player who doesn't like the new ball," he said, "and I'll show you a player who hasn't a sound and well rounded game. To play the new ball you must concentrate more on every shot. Luck doesn't play as big an element in the game now as it did with the old ball."

Late News From Orange County Communities

'ASSURANCE' IS SUNDAY TOPIC IN FULLERTON

FULLERTON, Jan. 11.—"The Doctrine of Assurance" was the subject of the sermon of the Rev. Francis M. Hawes at the First Baptist church in Fullerton yesterday morning. He said in part: "The doctrine of assurance belongs to every regenerated person," the Rev. Mr. Hawes said. "Some claim it, some doubt, and some deny it. Let me suggest five reasons why believers lack assurance in salvation. 1. Ignorance of God's plan and purpose. The Bible declares that assurance is a matter of divine record, 1. Jn. 5:12. These things have I written unto you that believe on the name of the Son of God; that ye have eternal life. So, one may be sure if he will rest upon the revelation of the Scriptures. Emotionalism.

2. The second reason for this lack is emotionalism. People place 'feeling' above 'faith.' If they feel good, they are saved. But when reverses come and feeling is gone, they are not sure. Assurance must rest on 'faith' and not 'feeling.'

3. A third reason is prejudice. Strange as it may seem, many believers are actually prejudiced against this doctrine. They glory in the fact that they can find many objections to this truth.

4. A fourth class lack assurance because of selfishness. They are not willing to trust the 'finished work of Christ on the cross.' They seem to think that salvation is a sort of partnership affair in which Christ opens the way or makes possible, salvation and they must 'work out their own salvation' and cannot be sure they are saved until death makes a final revelation.

5. The last class to which I will refer, lack assurance because they are lifeless. Some have joined an organization, but have not been united to Christ by a living and active faith. Of course this class can have no assurance for they have nothing to be sure of.

Used 21 Times
The word "assurance" in its various forms is used 21 times in the Bible. Assurance occurs seven times, assure occurs once, assured occurs four times, and assuredly nine times, a total of 21 occurrences of the word in its various forms.

"The Hebrew word in the Old Testament always means 'full or absolute confidence or conviction.' Isa. 32:17 affords an illustration. The Greek word in the New Testament also means 'full or absolute confidence or conviction.' Every New Testament reference to word brings out this fact.

"Jesus taught it. Jn. 3:36, 5:24, 10:27-29. Paul taught it. Rom. 8:31-39. 2. Tim. 1:12. Phil. 1:6. 1. John taught it. Jn. 20:31. 1. Jn. 5:11-12, 5:13-5. Peter taught it. 1. Pet. 1:2-5. 2. Pet. 2:1-2. Jude taught it. Jude 24. "It rests not only on the plain teaching of the Scriptures as the above reference very clearly show, but its rests on the High-priestly and shepherdly care of Christ. A few of the many references may be cited. Heb. 7:25, 1. Jn. 2:1, Jno. 10:10-14. It also rests on the Father's faithfulness, Jno. 17:11. Jude 1. Finally, it rests on the healing of the Holy Spirit, Eph. 1:14, 4:30.

"The faithful work of Christ makes men safe. 1. Cor. 10:1-2. The faithful word of God makes men safe. Jno. 5:24, 20:31. 1. Jno. 5:11-12."

TUFFREE ACQUIRES VALENCIA ACREAGE

PLACENTIA, Jan. 11.—Purchase by S. James Tuffree of the M. I. McCarty ranch at Placentia and Palm avenues, better known as the Thales ranch, has just been announced, the price paid being \$40,000.

The 10-acre property includes six acres of persimmons, which will be replanted to valencia oranges; two acres of avocados, an acre of guavas, the balance being in walnuts, nursery stock and semi-tropical fruits.

Tuffree plans to build a modern residence on the property for his own use.

Another purchase made this week by Tuffree was 30 acres of the Henry Hatzel ranch located between Placentia, Cypress and Chapman avenues. William Wallop was the purchaser of another tract

RECITAL GIVEN IN ENDEAVOR BODY BY VIOLINIST GIVES PROGRAM PLEASES CROWD AT FULLERTON

LAGUNA BEACH, Jan. 11.—The violin recital presented Friday evening by Leon Burford, of Laguna Beach, ably assisted by Madame Nellie Schwankowski, attracted a capacity audience to the commodious lounge of the new Laguna hotel.

To the accompaniment, on one hand, of the rhythm of the sea and on the other by a sympathetic mature artist, the young violinist presented a well varied program which comprised some of the finest examples in the repertoire of this favorite instrument.

In the Kreutzer Sonata, of Beethoven, he demonstrated his understanding of requirements of musical interpretation. The brilliant Wieniawski Concerto, the Elgar Caprice and the Sarasate Gypsy Airs revealed remarkable technical facility, while the Kreisler Liebesfreud, the Pilsner Berceuse and an entrancingly delicate encore number, displayed the versatility of the young master.

The violin was the handiwork of L. L. Berry, of Laguna Beach, whose beautiful oils and watercolors are attracting wide attention.

None but the finest examples of the old Italian masters are taken as his models and it seems he has succeeded in practically duplicating their peculiar characteristics and entrancing qualities of tone.

The entire audience regretted that Madame Schwankowski consented to add but one piano solo to the program. In this favorite number, the Chopin Impromptu in A Flat, she specially demonstrated a fine feeling for the middle lyrical section.

Among the interested auditors was Mrs. Frank, a former violin pupil of the Great Joachim. She was most cordial in her expression of appreciation of Mr. Burford's ability. Following the recital, many lingered to enjoy the numerous paintings and watercolors featured in the newly opened gallery, of which Mrs. Fern Burford, mother of the young artist, well known writer and associate editor of the South Coast News, is proprietor.

YORBA LINDA HEARS ALAMITOS MINISTER

YORBA LINDA, Jan. 11.—"God purposely dropped a stitch in His living and picked it up 2000 years ago in the personality of His Son, Jesus Christ, making a perfect pattern and setting Himself into a perfect personality that men might profit thereby; and so the gap between God and man was closed for all who chose to avail themselves of the opportunity," said the Rev. Paul P. Younger, of Alamitos, speaking to 50 members of the Yorba Linda Brotherhood at the Friends social hall Friday evening. A covered dish dinner preceded the meeting.

The speaker was introduced by the Rev. Clifford Jones, of Garden Grove, a former Yorba Linda pastor, who talked on former days and greeted old friends.

The musical program included two vocal solos by Mrs. Louise Allbee, two solos by Paul Deshler and two readings by Theresa Ross. J. A. Logsdon presided, and announced that the next meeting would be held at the Methodist church February 6. The Rev. Mr. Jones also announced that Dr. George A. Warner, of Santa Ana, would speak at Los Alamitos Tuesday evening, January 13.

W.C.T.U. Members Of Tustin Invited To Beach Session

TUSTIN, Jan. 11.—Members and friends of the Tustin W. C. T. U. are invited by Mrs. Rosa Rowley, president of the Huntington Beach W. C. T. U., to attend all day services at the Baptist church in Huntington Beach Friday.

The program will celebrate the birthday of prohibition and the Garden Grove, Costa Mesa and Balboa W. C. T. U. members have been invited to share in the affair.

Each one attending is asked to bring a hot dish for the pot luck dinner which will be served at 12 o'clock. An interesting program will be presented during the afternoon, consisting of addresses, musical numbers, plays and a pageant, details of which are being arranged this week.

Mrs. Helen Finley, president of the Tustin W. C. T. U., wishes as many as possible from Tustin to attend, and asked that all who will be able to go, phone her at 5352M.

Beach Youth Learns His Neck Broken

HUNTINGTON BEACH, Jan. 12.—When Russell Olsen, 12, suddenly lost his power of speech, his mother, Mrs. Olsen, clerk at the office of the American States Water Service company in Huntington Beach, was dismayed. The boy had complained of slight pains in the head since about two weeks ago, when he was injured in a game.

X-ray pictures showed a fracture of the second vertebrae below the skull. The child's neck had been broken while at play. Dr. Ralph E. Hawes, who was consulted, put the boy's head and neck in a brace and he regained the use of his speech, and his physician states he will recover.

A parallel case to that of the Olsen boy is that of Fred W. Kirkpatrick, 308 Seventh street, cityworker. Kirkpatrick had been suffering with head pains following a slight injury and an X-ray showed that the second vertebrae of the neck below the skull had been fractured.

Kirkpatrick is recovering, although in his case it has not been necessary to use the steel brace.

past regent; Mrs. Iva Hazard, senior regent; Mrs. Bertha Hurt, junior regent; Mrs. Etta Lesnick, chaplain; Mrs. Josephine Wooley, guide; Mrs. Ethel Sebastian, assistant guide; Mrs. Lillian Burnett, drill captain; Mrs. Jennie Young, musician; Mrs. Ellen Goehard, sentinels; Mrs. Kate Cochem, arguer.

HOLD FUNERAL SERVICES FOR ANAHEIM MAN

ANAHEIM, Jan. 11.—Funeral services were held today for James A. Fay, 62, a resident of Anaheim for the past 38 years, who passed away at St. Joseph's hospital Saturday morning.

He was the son of the late William J. and Sarah Jane Fay and is survived by one brother, Charles J. Fay, of Anaheim; four sisters, Miss Teresa Fay and Miss Alexandra Fay, of 1136 West Broadway, with whom the deceased resided; Mrs. C. E. Barker of Escondido, and Mrs. J. B. McKinley, Anaheim.

The deceased was a graduate of Leland Stanford university with the class of 1903 and for several years followed the profession of civil engineer, later affiliating with the Southern Counties bank in which institution he was assistant cashier serving as manager of the Buena Park branch, retiring about five years ago. He was a charter member of the Anaheim lodge Elks, of which he was an active member. He was also a member of blue lodge of Masons, Anaheim, Long Beach Consistory of Scottish rite, and Al Malakiah Shrine, Los Angeles.

The Elks lodge had charge of the ceremonies held at Backs, Terry and Campbell's funeral chapel.

Anaheim Center To Hear Waynick Tuesday Evening

ANAHEIM, Jan. 12.—D. D. Waynick, of the association laboratory will talk on "Citrus Fertilization" at the session of the Anaheim Farm Center Tuesday night at the high school at 7:30 o'clock.

John W. Crill, president of the Orange County Farm bureau, will explain the commodity departments and committees of the organization.

W. C. Mauerhan will make a report for the water conservation committee.

Entertainment will be furnished by the Music Chatt club and refreshments will be served in the cafeteria after the meeting. A good attendance is requested by the president, L. P. Holderman.

FIRE DESTROYS EQUIPMENT OF DAIRY AT MESA

COSTA MESA, Jan. 12.—Fire completely destroyed the dairy barn, feed room, dairy equipment and tool house of the Tiny dairy, owned and operated by J. M. Boykin, on Elden avenue at Santa Isabel street.

The buildings and part of the modern equipment were insured, but a heavy loss was incurred as the barn was filled with hay and 65 sacks of dairy feed not insured.

LAGUNA BEACH P. O. BUSINESS CONTINUES GAIN

LAGUNA BEACH, Jan. 12.—Keeping up its great record of consistent gain month after month, quarter after quarter, and year after year, the Laguna Beach post office shows a gross receipts increase for the final quarter of 1930, being 24 per cent in excess of the business done in the last quarter of 1929.

December alone exceeded December of a year ago by 21 per cent for gross business. The money order gain for the month was 28 per cent. As a whole the calendar year of 1930 showed business 14 per cent in excess of the preceding year. The major portion of this gain was made during the last half. It is also significant that the quarter finishing the year brought business greater than during the summer quarter. This for a community entertaining a double population is important as showing a genuinely substantial growth.

Loss is estimated, at between \$3500 and \$3000, with about 60 per cent insurance.

Origin of the fire is unknown. About midnight, Mr. Boykin's daughter, Olga, was aroused. She noticed unusual light, awakened her father and the entire building was found to be in flames.

Two three months old calves were burned.

"I Hope You Do Not Abandon the Attack"

Says

DR. J. C. ELDRIDGE

Health Director, Hamilton County, Tennessee

...one of 56 health officials from 56 different points approving Cremo's crusade against spit or spit-tipping.

Every smoker, every wife whose husband smokes cigars, should read Dr. Eldridge's letter.

"Who are the friends of 'Spit'?"

YOU MAY WELL ASK THIS QUESTION WHEN 56 IMPORTANT HEALTH OFFICIALS HAVE WRITTEN SO STRONGLY AGAINST THE EVILS OF SPIT OR SPIT-TIPPING.

Dr. Eldridge writes: "Your attack on this evil in connection with your recent cigar advertising is an effective stroke."

The war against spit is a crusade of decency. Join it...Smoke Certified Cremo—a really wonderful smoke—mild—mellow—nut-sweet! Every leaf entering the clean, sunny Cremo factories is scientifically treated by methods recommended by the United States Department of Agriculture.

HAMILTON COUNTY HEALTH DEPARTMENT
CO-OPERATING WITH
THE STATE DEPARTMENT OF PUBLIC HEALTH
CHATTANOOGA, TENNESSEE
July 19, 1930

American Cigar Company,
111 Fifth Avenue,
New York, N. Y.

Gentlemen:

"Spit" is a filthy word. So is the practice of spitting. More serious than any consideration of nicety, however, is the very grave danger of contamination carried in the mouth secretions.

Your attack on this evil in connection with your recent cigar advertising is an effective stroke which should do much to awaken the public to this peril.

I hope you do not abandon the attack. If my endorsement is of any value, please feel free to publish it in your campaign.

Sincerely yours,
J. C. Eldridge
HAMILTON COUNTY HEALTH DIRECTOR.

In this period of cold weather and cracked lips, above all insist on a cigar—free of the spit germ.

Addresses Heard Yesterday In Santa Ana Churches

SAYS TEACHING OF JESUS WILL GLORIFY LIFE

"The most stupendous error that mankind ever committed is in believing that compliance with the teaching of Jesus robs life of some of its joy and saddens the heart," the Rev. Paul Andres, pastor of the Christian Spiritual Science church, declared in his lecture at the service last evening. "Exactly the opposite is true—compliance with the teachings of Jesus gives life and its every incident new zest and happiness. It glorifies the body and all of its faculties. It enriches the mind and increases its capacity for enjoyment of the good things of life. It glorifies every human relation—the relation of friends, the relation of husband and wife, the relation of parent and child, and all business and social relations of modern complex life. To all of these relations, and to every incident of life, it adds glamour and romance and charm and joy."

"That is what Jesus had in mind when He spoke the words, 'Come unto me, all ye that are heavy laden and I will give you rest.' He saw the throngs going by, probably at the end of the day, throngs of men and women and children. He saw that some of them were bearing physical burdens. Some of them were yoked to their burdens like oxen. In the care-worn faces of others He read the story of soul-burdens, burdens of want and disappointment and pain and sorrow. In the face of others, and in their slouching forms, He read the story of life's burden of hard problems, financial problems, domestic problems, social problems, heart-problems."

"As He looked upon the passing throng of burden-bearers His heart overflowed with compassion and love, and He called them to a higher, nobler and more abundant life through His teachings—a life in which the burdens would be lighter and the yoke less galling. The chances are that few of them heeded His call. Some of them probably asked what kind of a crank He was. Others wondered what He had to sell. And so they pressed on through the gathering purple of the Judean twilight, bearing their burdens and wearing their yokes, never realizing that they had come so near to the Kingdom of God and the things that would have made their lives worth living—never dreaming that they might have laid down all their soul-burdens at His feet, and left them there. "No longer does the physical man Jesus stand on the street

NEW OFFICERS OF CHURCH INSTALLED

Officials of the First Christian church, who were elected at the annual meeting last Wednesday night, were installed in office and charged with their duties as part of the service at the church yesterday morning. The installation was conducted by the Rev. Walter S. Buchanan, pastor.

A section of the main auditorium was reserved for members of the official board, which was occupied by a group including eight elders, two trustees, 30 deacons and 12 members of the advisory board. In the sermon of the morning, "The Church and Her Official Board," the Rev. Mr. Buchanan asserted that the church was the greatest institution in the world and that the officers had important duties to perform. He declared that the church was the only institution in the world with the power to save men and lay the foundation for finer, fuller life.

HOME ECONOMICS CLASS ORGANIZED

Adult classes in the home economics department of the Santa Ana Junior college are now being organized. Although the new semester does not begin until the first of February application should be made during the week of January 13 because the enrollment is limited.

Up to the present time the greatest interest has been in the tailoring class, which will meet Monday and Wednesday from 1:30 to 4:30 p.m. Instruction will be given in wool material, which requires different treatment than silk, linen or cotton. The members of the class will make dresses, suits or coats of wool, especially popular for spring and summer. Some will be interested in ensembles of wool or silk. Information about adult classes can be obtained through the junior college office.

Dr. Burlingame Will Speak Here

Dr. George Burlingame, of Los Angeles, will be the speaker at the meeting of the Men's club of the First Baptist church at its dinner meeting Tuesday night. Dr. Burlingame was acting pastor of the Baptist church here for over a year prior to the coming of the Rev. Harry E. Owings. The subject of the address of the evening is "What the World is Talking About."

corner and call the passing throng to more abundant life. But His liberated and redeeming Spirit is still with us, and is the inner light of every man and woman that comes into the world. Today the Christ-Voice is within you calling, "Come unto me" calling you to learn the liberating truth from Him—calling you to the lighter burden and easier yoke of His service—calling you to the Kingdom of God—calling you to the happier, freer, higher, nobler and more abundant life you crave. Tomorrow the voice may be stilled, and you may have passed on with the passing throng, bearing your burden of problems and worries, and galling under the yoke of limitation, lack and disappointment."

CHARACTER AND CREED SUBJECT OF REV. HATTER

The Rev. J. W. Hatter, rector of the Episcopal Church of the Messiah, in preaching on "Creed and Character" yesterday took his text from the 3rd chapter of Ephesians, verses 8 to 12. He stated that character and conduct are influenced by one's beliefs. The statement made by many that creed has no effect on character, that goodness or badness have nothing to do with belief is false and superficial," he said. "This is probably believed because the mere profession of a belief without the belief itself does not affect character except to add hypocrisy. Real belief, however, does control one's thoughts and actions as the following examples will show."

"The belief that earning a living is the chief aim of life makes men industrious and frugal, and when this belief reaches the point where the acquisition of wealth is the end and aim of life, men lose all sense of duty, become hardened to the sufferings of their fellow men, and pursue their path regardless of the pain they inflict on others to accomplish their end. To others the creed of pleasure is paramount, no price is too great to pay for pleasure. The quiet of pleasure misrepresents men's character and in extreme cases debauchizes them so that they become beasts to satisfy their passions."

"Belief in one's own powers changes men's characters and makes them worship their own capabilities instead of God. It gives them boldness, patience, and courage, only to further their own ends. They become contemptuous of the judgment of others. Belief in an idea or cause will make men sacrifice anything even to life itself for their cause."

"In religion we have the same willing sacrifices of the martyrs for the cause they believed in. Belief in Christ influences men's lives and actions; and while this influence may not always be apparent, it is not because of the imperfection of the faith, but because of the many hindrances of everyday life."

"Want of imagination is one hindrance to belief in God. We say, 'I believe in God, the Father' but lack the imagination to believe also in the brotherhood of man; one cannot be real without the other. We push God out of the everyday affairs of life, we do not imagine Him as interested in our work and recreation. To be practical believers, we must be able to see God in nature and in men."

"Another hindrance is our unrighteousness. We allow the cares and pleasures of this world to blind us to the things divine. The last hindrance is the selfish heart. We pray, 'Thy will be done on earth,' but in our selfishness we forget God's will for us. "If our belief in God does not influence our character and conduct, it is not the fault of the belief, but our lack of interest, our selfishness, our unrighteousness, or our want of imagination. If we are really interested in our religious belief, Christian actions and lives will inevitably follow

PASTOR SUGGESTS TESTS TO BE APPLIED WHEN A YOUTH AND A MAID FALL IN LOVE

"When a Youth and a Maid Fall in Love" was the subject of the sermon preached last night by the Rev. Harry E. Owings, pastor of the First Baptist church, in the "Home and Fireside" series of evening services which he is directing at the church. Several tests were mentioned by the pastor.

"Among the love stories of the Bible there is none that is more engaging than the story of Jacob and Rachel," he began. "Here we find one of the strange and characteristic things about love. Laban had two daughters and Jacob lived on the ranch with them in daily companionship. But while he fell in love with Rachel he was not much attracted to the other girl, Leah. Falling in love, then, is a selection of one person from all the others of the opposite sex. Now we smile when we talk about 'falling in love' but nevertheless it is one of life's most beautiful things and certainly there is nothing more serious."

"Love is said to be blind, and yet it should have its eyes open sufficiently to apply certain tests. Some of these worthwhile tests are: "Do not be too hasty in concluding that the first person you fall in love with is the only person in all the world for you. Have many associates among the opposite sex and take your time about making the selection."

"Ordinarily the youth and maid should be fairly close in age, only a few years' difference at the most. There are exceptions, but this is looked upon as the rule."

"There should be some marked interests in common. Usually it is not well to have the life interests of the two young people in distinctly opposite directions. "The matter of health should have very serious consideration. Care must be exercised about forming deep attachments looking toward marriage when the health of one or the other is seriously impaired."

"One must think too of disparity in aims and ambitions in life. When one aspires to large achievement and the other has no interest in the hard climb there is likely to be much dissatisfaction ahead and consequent trouble."

"Character requirements must be taken into account. Insist on the highest standards: integrity, sobriety, purity, industry, real manhood or womanhood."

MISSION LEADER TO SPEAK HERE

The Rev. B. H. Pearson, superintendent of the Mexican Mission work of the Free Methodist church, will speak at the First Free Methodist church, Fruit and Minter streets next Wednesday at 7:30 p.m. He will have with him a number of his workers.

The Rev. Mr. Pearson turned from a most promising future to devote his life to the evangelizing of the Mexicans. He has built up a strong work among these peoples. He is an accomplished musician and music teacher. He was for years, the private secretary to Harold Bell Wright. Mr. Wright dedicated the book "Eyes of the World" to him.

We must perform 'moral surgery on the selfish heart' and ask, 'What do I mean personally when I say, 'I believe in God?'

REV. JOHNSON BEGINS SERIES OF ADDRESSES

The Rev. Andrew Johnson, D. D., nationally known evangelist of Wilmore, Ky., occupied the pulpit of the First Church of the Nazarenes last evening in the first of a series of services which will continue through next Sunday. Dr. Johnson is general conference evangelist of the Methodist Episcopal church, South, and is well known in Southern California. In the past he has been closely associated with Bishop Arthur Moore, who appeared here last week as the speaker during the week of prayer.

"The Deity of Christ," was the theme of the sermon delivered by Dr. Johnson last evening. Erma Baxter, soprano, sang a special number. According to the announcement of the Rev. U. E. Harding, pastor, services will be held each evening during the week, except Saturday, beginning at 7:30. This evening Dr. Johnson will speak on the theme, "The One Baptism."

"Are We Drifting? Where and Why?" was the subject discussed by the Rev. Mr. Harding in his sermon yesterday morning. "During Jesus' ministry," he said, "large numbers attached themselves to Him and followed Him. They followed Him as He healed their sick, as He preached His matchless sermons, and as He miraculously fed the hungry multitudes. But when He began to speak to them of the suffering and sorrows that awaited Him and His faithful disciples they turned away and left Him in such numbers that He asked the twelve, 'Will ye also go away?'

"This is an age of spiritual drift. The tendency among all of us is to shift the responsibility for this condition on someone else. The laity blames the ministry, and the ministry blames the laity. But the truth is that this responsibility cannot be limited to any one group or any single circumstance. The condition has arisen from a number of contributing causes for which all groups are to blame to some extent."

"I have no time to spend attacking other religious groups or denominations. As far as I can discern, we ministers of the Church of the Nazarenes will have all we can do to solve the problem in our own denomination, and to keep our own ship fast to her moorings."

"God is all powerful—a mighty God. He can take the worst kind of a sinner and make of him the finest kind of a Christian. God can take the bad, the mad and the sad from your heart and put in the glad. The true Christian is one who has a mind with which God can think, a mouth with which God can speak and hands through which God can work."

"Faith and reason travel the same road, but faith goes farther and higher."

CHRISTIAN SCIENCE

Communion services were conducted Sunday, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. The subject of the Lesson-Sermon was "Sacrament."

Among the Bible selections in the Lesson-Sermon were the words of Isaiah: "Wash you, make you clean; put away the evil of your doings from before mine eyes; cease to do evil; learn to do well; Come now, and let us reason together, saith the Lord; though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool." Another Bible selection presented the benediction of Christ Jesus, "Blessed are the pure in heart: for they shall see God."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, stated: "Our church is built on the divine Principle, Love. We can unite with this church only as we are new-born of Spirit, as we reached the Life which is Truth and the Truth which is Life by bringing forth the fruits of Love, casting out error and healing the sick."

Brotherhood Will Meet On Tuesday

The January meeting of the Men's Brotherhood of the First Christian church will be held in the educational building of the church plant on Tuesday commencing with a dinner at 6:30 p.m. The program will be under the direction of D. H. Tibbals, director of boys' work at the Y.M.C.A.

The speaker of the evening will be Dr. Edward L. Russell, deputy county health officer, whose subject will be "Modern Science and Ourselves." Special music is being arranged for the occasion, according to Tibbals.

In the midst of the storms which rage about us, we must not be content to merely hold firmly to correct theology, while criticizing others for their laxness. We must see to it that the love of Christ is worked out in the actions of our lives. We must keep in conscious touch with God and live lives of consecrated service. In this lies the only solution to the problem of spiritual drift in our ranks."

ANNA BRITTON IS HEARD BY LARGE CROWD

A large crowd filled the Four Square Gospel tabernacle again last night to hear the Rev. Anna D. Britton, former pastor and evangelist. Several bouquets of flowers were presented to her from the church. A splendid musical program was presented and the service was broadcast over KREG. Mrs. Britton used for her text several verses from the eighth chapter of Romans commencing at the 26th verse.

"I want to talk to you tonight about the Father, our God Almighty, our Creator, who never made a statement that He could not stand behind," she began. "It was He who spoke the light into existence, placed the sun and moon in the heavens and caused the stars to twinkle."

"We are serving a God who holds the sea in His hand, and has said to man, 'so far cannot thou come and no farther.' We are serving a God of power—not a religion of words, nor a creed, nor dogma of some kind, but a real God of power. "Through God we have the privilege of knowing His son, Jesus, who gave Himself a sacrifice for all humanity, who laid His hands upon the sick and made them whole, who said when persecuted, 'Father, forgive them for they know not what they do.' The world needs a Christ like that—nothing short of a saving Christ can help this old world in its dilemma."

POOR SLEEP DUE TO GAS IN UPPER BOWEL

Poor sleep is caused by gas pressing heart and other organs. You can't get rid of this by just doctoring the stomach because most of the gas is in the UPPER bowel.

The simple German remedy, Adierika, reaches BOTH upper and lower bowel, washing out poisons which cause gas, nervousness, bad sleep. Get Adierika today, by tomorrow you will feel the wonderful effect. You will say the day you read this was sure a lucky day for you. McCoy Drug Co.—Adv.

Backache Leg Pains

If Getting Up Nights, Backache, frequent day calls, Leg Pains, Nervousness or Burning, due to functional Bladder Irritation, in acid condition, makes you feel tired, depressed and discouraged, try the Cystex Test. Works fast, starts circulation through the system in 15 minutes. Pruritus by thousands for rapid and positive action. Don't give up. Try Cystex (pronounced Ciss-Test) today, under the Iron Clad Guarantee. Must quickly slay these conditions, improve restful sleep and energy, or money back. Only one at drugstore—Adv.

Sodium Silicate Makes Hair Beautiful

I believe that the mother of all alibis used by women is this one: "I've just washed my hair and I can't do a thing with it." Does that sound familiar? Well, I can change it for you by telling you about a simple little thing to add to the last rinsing water.

One scant teaspoonful of sodium silicate (water glass).

Shampoo with what ever you wish and when the rinsing time comes go through this ritual with your usual care . . . first, second and third plain rinses . . . fourth, rinse with lemon juice or vinegar in the water . . . fifth use plain water . . . and the sixth and last rinse, just a quart of warm water with the water glass dropped into it. Pour this rinse all over the head and through the hair at the side of head, brushing it well up into the hair line with the hands so that every last hair gets in on this rinse.

The water glass gives the hair "body," and the loveliest soft luster imaginable. You will find that you need not use either brilliantine or curling fluid when your hair is waved.

If you are not familiar with "water glass" permit me to tell you that you can buy it at any drug store or department store drug counter and a big bottle will cost you not more than 25 cents.

TODAY'S RECIPE

HOMINY PANCAKES

- 2 cups mashed hominy
- 1 cup sifted flour
- 3 eggs
- 3 cups sweet milk
- 2 teaspoons baking powder
- 1 teaspoon salt
- 1 tablespoon sugar

For those unfamiliar with the patience needed for the job, let me suggest using canned hominy for these hot cakes. Heat it and mash well, or drain and rub it through a sieve or run through the food grinder.

Sift the flour with salt and baking powder, beat the egg yolks with two of the whites till well frothed, beat the third egg white stiff. Mix the cakes by first adding sugar to the hominy, then the frothed eggs, followed by the flour and milk added alternately, with much beating. When smoothly mixed whip in the dry beaten egg white and bake the cakes on a hot buttered griddle. Serve with crisp bacon or with honey and melted butter.

The calory sum-total is close to 1450, largely made up of the energy making starches, although these cakes have a very respectable proportion of proteins in the eggs and milk to say nothing about the A vitamin milk and eggs are so rich in, and this vitamin is particularly necessary in winter to help build up body resistance and so ward off colds, flu and similar calamities.

I think it is safe to estimate each cooked pancake at 75 calories, what you trim your cakes with is something else again and entirely your own business.

Hot Cakes For Crisp Mornings is the title of this week's leaflet. Show me the family which won't rise to the bait of hot cakes for breakfast and tumble out in record time, and I'll believe the world is flat. The recipes I have given in this leaflet are perfect of their kind and you may have them free of charge this week if you will send me a stamped, self addressed envelope.

Lemon Cookies will be used for tomorrow's cooking lesson.

ANN MEREDITH.

BEGAN AS CUB REPORTER

Norman Foster, Paramount actor, began his business career as a cub reporter on his home-town paper in Richmond, Indiana.

Luncheon Honors Visiting Sister

A delightful affair of recent date was a luncheon in the Colonial apartments on South Main street with Mrs. Frank G. Thompson of Escondido as hostess, honoring her sister Miss Hambrecht of LeRoy, Minn. All appointments were daintily carried out.

Guests present, other than Miss Hambrecht were Mrs. J. E. Hambrecht, Mr. and Mrs. C. B. Hall and daughter, Miss Gladys Hall, of Le Roy, Minn., Mr. and Mrs. E. M. Shephard of this city, H. R. Shephard of Orange, and the hostess, Mrs. Thompson.

CHURCH SOCIETIES

Aid Society

Plans for a chicken dinner to be held Friday, January 23, in the church bungalow were made Friday when the Ladies' Aid society of the Richland Avenue Methodist church met with Mrs. C. A. McCullough at 924 West Myrtle street. The meeting was an all day affair, with a pot luck luncheon at noon. Devotionals occupied much of the time.

The next regular meeting will be held January 22 with Mrs. Grace Marchant and Mrs. Harry Brackett as hostesses.

Women's Bible Class

Mrs. C. E. Price, who had proven her capabilities as president of the Women's Bible class of the First Christian church on a previous occasion when she was elected to the position, has again been called upon to assume the presidency for the coming year, according to results of the recent meeting of the class.

Mrs. F. M. Gist, whose personality, knowledge of the Bible and gift of imparting that knowledge to others in a most interesting manner has made her an invaluable teacher of the class for many years, will have Mrs. A. N. Glancy as her assistant teacher this year.

while others to serve in official capacity will include Mrs. C. O. Jackson, vice president; Mrs. G. P. O'Connor, secretary; Mrs. J. H. Chambers, assistant secretary; Mrs. J. C. Smith, treasurer; Mrs. H. L. Slink, assistant treasurer;

Miss Ora Pringle, tabulator; Mrs. J. C. Sexton, pianist; Mrs. Estelle Gray, assistant pianist; Mrs. C. J. Skirvin, song leader; Mrs. L. Crasher, assistant; Mrs. A. W. Gerard, missionary secretary; Mrs. O. A. Snyder, flag bearer; Mrs. William W. Adamson, program chairman.

This class, which meets each Sunday from 9:30 to 10:30 a. m. in the community house of the church, bears the distinction of being the largest Women's Bible class in California, with an enrollment of 260 members and an average attendance well in excess of 100 members. It is the intention of the women to increase their membership during 1931 and the slogan "Each one bring one" has been adopted. Forty new members were gained in 1930, and the class entertained 209 visitors.

Other activities brought out by the annual report showed 3885 calls made; 1503 bouquets given; 15 Bible school teachers furnished; 1356 cards mailed by the secretary, and a total of \$738 distributed through various channels of missionary, charitable and welfare work. In addition to this, the class has aided countless needy individuals and families with gifts of clothing, bedding, food and other necessities.

Section Meeting

Mrs. Charles Carey, 313 East Pine street, was hostess Wednesday afternoon at the first meeting of the new year of the members of the southeast section of the First Presbyterian church. After being led in prayer by Mrs. R. J. Blee, the leader, Mrs. W. Vieira, conducted the business session, while the women busied themselves sewing.

Dainty refreshments served at small tables beautifully decorated with the motif of each month of the year were prepared by the committee, Mrs. R. J. Brown, chairman, assisted by Mrs. R. R. Schilling, Mrs. S. E. Little, Mrs. J. E. Kellogg and Mrs. J. Garth.

FIDDLERS' CONTEST AT MISSION TODAY

The Mission theater again offers an old time fiddler's contest, to be staged tonight.

Once before the theater held a contest for fiddlers and such an entertainment was given that the management immediately started making arrangements for another. The contest will be held in conjunction with the showing of the regular picture "Bar L Ranch," a comedy and a cartoon.

Walker's State

It's another thrilling outdoor picture! A crashing, smashing, spectacular wild horse stampede takes place right before your eyes!

TONIGHT

WALTER HUSTON IN "CRIMINAL CODE"

If cast has anything to do with the success of a picture, Columbia's all-talking version of "The Criminal Code," one of Broadway's smash stage hits, is going to repeat its popularity on the screen. This romantic drama is coming to the Fox West Coast theater today for four days and its players represent the finest acting talent available.

Walter Huston, in the leading role of the prison warden, heads the list. Though Huston has long been one of the highlights of the New York stage, he made his debut in pictures only a short time ago. Yet in this time he has established himself as a screen personality second to none.

Phillips Holmes, the Princeton student who has made a meteoric rise in pictures, runs Huston a close second with a splendid performance of the youthful convict. Playing opposite Holmes is Constance Cummings. Others prominent are Boris Karloff, Mary Dorian, Arthur Hays, Ethel Wales, DeWitt Jennings, Paul Porcasi, Nicolas Soussain, and John Sheehan, Howard Hawks, famous director, handled the production.

GAYNOR, FARRELL IN NEW PICTURE OPENS

Janet Gaynor and Charles Farrell, the screen's most popular sweethearts, are re-united in Raoul Walsh's Fox Movietone production of "The Man Who Came Back," which opens today at the Fox Broadway theater.

"The Man Who Came Back," one of the most powerful romantic dramas ever written, presents Miss Gaynor and Farrell in the greatest roles of their co-starring careers.

Farrell, as the never-do-well son of New York's king of finance, falls from grace. Improperly trained to face the world, he sinks, step by step until he finally reaches the lowest dive in Shanghai.

There, drawn by natural forces, he is attracted to a girl one rung above himself in degradation. Together, hand in hand, impelled by their new found faith, their courage is re-born in misery. Clinging to each other, they climb to a seventh heaven through love.

The girl, of course, is played by Miss Gaynor, and she and Farrell give an interpretation of these dramatic roles that will astound their many friends. Kenneth MacKenna and William Forbes are also in the cast.

THE TINYMITES

STORY BY MAL COCHRAN — PICTURES BY KNICK
REG. U. S. PAT. OFF.

The old witch doctor frowned a bit. Said Clowny, "He's not feeling fit. Perhaps he's mad 'cause we are here. Shall we be on our way? I'd hate to walk into a fight with him because he looks a fright." "Oh, no," replied the Travel Man. "We're safe and we will stay."

"You see, he always looks real mad. It is the training he has had. A good witch doctor scares folks just so they will do no wrong. He makes them fear an awful plight unless all things they do are right. With all the natives round about his standing's very strong."

"Well, shucks, he needn't look at me. I'm just as good as I can be," said Clowny. All the others laughed. The Travel Man then said, "Shake hands with him. Don't be afraid." And shortly one more friend was made. "Don't scare us," whispered Clowny. And the witch man shook his head. They watched him do some antics and the whole bunch thought

that he was grand. Toward nightfall they bid him good-bye. "Let's find a place to sleep," said Scouty. "I am all tired out." The Travel Man replied, "No doubt! Hop in the truck and I will drive beneath a moonlight sky."

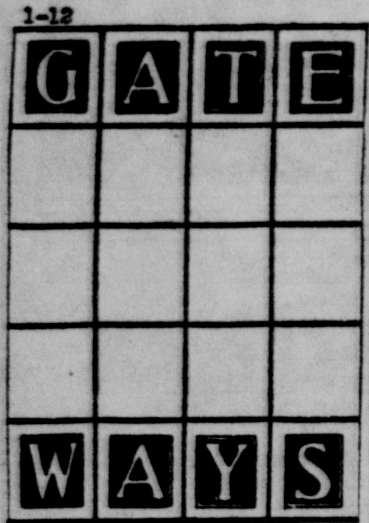

So, while the Tinies slept real sound, the truck moved on across the ground. It passed on through Elizabethville and one more little town. Toward dawn the Travel Man cried, "Hey! Wake up! This is another day. We're by the river Zambesi. Let's stop and look around."

They drove right down along the shore. And there a new sight was in store. Some fishermen were dragging in some nets of real strange style. "Oh, gee," cried Carpy. "I like this. It's something that I wouldn't miss. As long as we have heaps of time, let's watch for a while."

(The Tinymites see Victoria Fall in the next story.)

How Unemployment Insurance Works

By JEROME DAVIS

(Professor of Practical Philanthropy, Yale University)

Decorations by PAUL KROESEN

IF a gigantic national disaster should destroy the factories in New York City, thus depriving a million men of work, it would be considered a calamity of world proportions. The American Red Cross would immediately issue an appeal for relief, and aid would be sent in from all over the country.

But nationwide unemployment actually is an even greater crisis. Periodically, hundreds of thousands of men, through no fault of their own, are laid off from work, and their families are forced to undergo privation and want.

In the face of the present depression, American employers are trying to do more than ever before to meet the situation. In general, wages have not been reduced and employers are apportioning work so as to lay off as few workers as possible. Nevertheless there are in the neighborhood of at least three million out of work, and according to the director of the census nine million employed on part time only.

Among other suggested remedies for these recurrent troubles is that of unemployment insurance. At the recent American Federation of Labor Convention in Boston, no less than five resolutions were introduced endorsing unemployment insurance. These were not acted on, but were referred to the Executive Council for consideration in connection with the study of the entire unemployment problem. Leaders in the American Federation of Labor are divided as to the merits of such insurance. In the meanwhile 10 specific steps toward reducing unemployment were recommended by the Council:

1. Reduction in hours of work.
2. Stabilization of industry.
3. Efficient management in production and in sales policies.
4. Nation-wide system of employment exchanges.
5. Adequate records.
6. Use of public works to meet cycles of unemployment.
7. Vocational guidance and retraining.
8. Special study of technological unemployment.
9. Study relief proposals.
10. Education for life.

FEW people realize the extent to which unemployment insurance has already become part of the American economic practice. Actually, unemployment insurance has been in operation in England since 1911 and is now in common use in 19 countries. As far back as 1921, in Cleveland, the ladies' garment industry adopted the first unemployment compensation plan in the United States, to be established under joint agreement between the employers and the workers.

At that time the plan applied to 3000 garment workers, employed by 86 firms. Each one was guaranteed 40 weeks' employment per year. This means that, after any layoffs totaling 12 weeks, the workers began to receive compensation to the extent of 50 per cent of their former wages.

Under this plan, in a five-year period, \$159,000 was paid out, an average of a little over \$30,000 a year. The entire fund was maintained and managed by the employers. In Chicago, in 1923, the men's clothing industry established an unemployment insurance plan somewhat different

from the Cleveland system. The Chicago workers paid into the unemployment fund one and one-half per cent of their wages, while the employers paid in one and one-half per cent of the payroll. Compensation is given for all unemployed time up to five weeks in each year.

To be eligible, a worker must belong to the trade union, must be registered at the employment exchange, and must always stand ready to accept a job if one is found for him. Benefits are 40 per cent of full-time wages, with \$20 a week as the maximum. The contributions of the workers are deducted by the employers from their wages.

While the number of weeks during which unemployment payments are made has varied from time to time, depending on the amount of money in the fund, the plan has nevertheless worked well.

BESIDES these two joint agreements already described, there have been plans adopted in the cloak and suit industry of New York City, the lace industry in Kingston, New York, and Scranton, Pennsylvania, and the cloth hat and cap industry in St. Paul, Minnesota, and New York City.

In addition to such agreements, some trade unions provide compensation for employees who have no work. A typical example of such an arrangement is that of the New York Typographical Union No. 6, which as far back as 1896 made provision for compensating members out of work.

Today this union assesses its members one-half of one per cent of their wages for 26 weeks during the year. The workers receive compensation during the slack period of printing between June and September. The regular weekly benefit up to 1907 was \$4 per week, but by 1927 it had been increased to \$14. Benefits are given for not more than seven weeks in each year.

According to the head of the union, the plan has worked out very satisfactorily. Besides helping the unemployed, the fund has contributed \$10,000 toward the support of an apprentice school and has been used to purchase a building which now houses the offices of the union.

In addition to the union's own unemployment plans already mentioned, there are in the United States a large number of prominent companies that have adopted unemployment insurance.

One of the earliest is the Columbia Conserve Company in Indianapolis, which introduced a plan in 1917, guaranteeing to every salaried employee in the company full salary for 52 weeks, including vacation.

ALL workers are employed on salary except seasonal workers hired during the peak season for not more than four consecutive months. These employees are guaranteed 50 hours' work during the period for which they are hired. In periods of depression the salaried employees are kept busy cleaning and repairing.

One of the workers in this company reported his satisfaction with the results by saying: "We, as workers, with the fear of unemployment removed, have made many steps forward. Our brains, which in the past were blurred by worries caused by the uncertainty of employment, are now becoming active. This has brought us to the point where

we are truly co-operative, working together as a group rather than as mere separate individuals."

THE Dutchess Bleachery, in Wappinger Falls, New York, adopted an employment insurance plan in 1919.

Any worker who has been employed for 12 months is eligible for benefits, and—curiously enough—the worker is allowed to secure employment elsewhere during the period of unemployment and still receive his compensation. If the employee works less than 48 hours a week, he is given half-pay for any unemployed time within that limit.

On Oct. 6, 1930, the Dutchess Bleachery management reported that the unemployment insurance plan had been of great benefit during the depression period, and that from February, 1929, to September, 1930, \$5000 had been distributed on a weekly basis among from 400 to 500 employees.

Dennison Manufacturing Company, in Framingham, Massachusetts, adopted a plan in 1920. A worker who is unemployed receives 60 per cent of his average wage, if he is single or has no dependents, and 80 per cent if he is married or has dependents. The Dennison Company originally set aside \$150,000 for unemployment and the fund has not yet been exhausted. Both employers and employees have expressed great satisfaction with the way the plan has worked.

United Diamond Works, in Newark, New Jersey, put a plan of unemployment insurance into operation in 1927. Any one is eligible who has been working in their plant six months, except that the company reserves the right to discharge any employees whom it does not wish to retain permanently at the time the plant closes. Men are paid 25 per cent of their average earnings, while women operatives receive 20 per cent.

On Oct. 9, 1930, the company reported that they had had some difficulty during the present depression period. Apparently, the company did not feel able to pay compensation throughout the period of the layoff. They considered each case on its merits and in some instances loans were advanced without interest. The company is satisfied, however, that what they have done has been a benefit in creating a better attitude toward the company.

THE Chemical Paper Manufacturing Company, in Holyoke, Massachusetts, adopted a plan in 1920 by which workers who have completed five years of satisfactory service are guaranteed full-time employment, and if there are layoffs they receive compensation as though they had been working. Under date of Oct. 10, 1930, the company said that the plan had given entire satisfaction during the present period of depression.

The John A. Manning Paper Company of Troy, New York, adopted an unemployment plan in May, 1919, guaranteeing 52 weeks' work to all employees who had been with the company one year. This, however, was changed during the depression of 1921 to provide that a sum not exceeding \$72 would be paid in any one year to each worker unemployed. This is usually paid at the rate of \$9 a week during the slack period.

S. C. Johnson & Sons Company of Racine, Wisconsin, manufacturers of floor wax, varnishes, enamels, etc., under-

took a plan in 1922, to which employees who have a record of six months' satisfactory service are eligible. Workers receive from \$1 to \$4 a day for the first 100 days of unemployment, and from 50 cents to \$2 for the second 100 days in any one year.

One interesting feature of the Johnson plan is that all piece workers are paid for time lost on Christmas Day, New Year's Day, Decoration Day, the Fourth of July, Labor Day and Thanksgiving Day.

Leeds & Northrup of Philadelphia, manufacturers of electrical measuring instruments, adopted a plan in 1923. Every one in the organization who is receiving under \$2600 a year is eligible, if he has been in the employ of the company more than three months. The period of time for which he receives compensation depends on his length of service with the company and is at the rate of five weeks of compensation for each year of service.

Employees with dependents receive 75 per cent of their wages, others 50.

Under date of Oct. 7, 1930, the company reported the entire success of the plan during the recent depression.

PROCTER & GAMBLE COMPANY, makers of Ivory soap and other products, adopted a plan in 1923 which is open to anyone who has been employed by them for at least six months and who is earning \$2000 a year or less. They guarantee full pay 48 weeks a year.

In October, the company reported that the plan had worked out well during the past year and they state: "Our plan has been highly successful since its inauguration and has proved very satisfactory, particularly to the employees. Labor turnover has shown a constant decline. Enrollment fluctuation has been reduced to the minimum. All of this of course is reflected in production."

The most notable plan of all is that of the General Electric Company, which was started this year. According to this plan the employees pay one per cent of their wages into a trust fund, while the company pays a similar amount. Payments are to be made for three years in order to build up the fund.

After this benefits equaling 50 per cent of average full-time earnings (but in no case more than \$20 a week) will begin to be paid to those who are laid off, the total amount of payments not to exceed 10 weeks in any one year. Any who are working part time and receiving less than half their regular wage would be eligible to receive a sum from the fund to make up the difference.

In case of prolonged depression and depletion of the fund, every one in the plant, from office boy to president, who is working, contributes one per cent of his weekly or monthly earnings until the sum is built up to 75 per cent of normal. In such cases of emergency, every man connected with the concern in every office throughout the United States will be called on to contribute to the fund and thus help his fellow workers.

At present, roughly 225,000 American workers have some form of unemployment protection.

Apparently, the unemployment insurance movement is growing rapidly and will become widespread in the United States in the next decade.
